

## SCHOOL TRAVEL SPECIALISTS

*Supporting teachers in planning and  
managing their international school trips  
since 2006*

## WHY CHOOSE EDUCATING ADVENTURES?

*At Educating Adventures, we pride ourselves on providing safe, well-organised trips, exceptional customer service, and complete financial confidence.*

### SCHOOL TRAVEL SPECIALISTS

We work exclusively with schools so understand the unique nature of school travel.

### BEST PRACTICE SAFETY STANDARDS

We are CSTO certified via SYTA, meaning we're regularly assessed over 25 rigorous safety standards, such as risk management, supplier vetting, ethical standards and emergency preparedness/response.

### BONDINGS AND FINANCIAL SECURITY

We are bonded/affiliated with numerous oversight agencies around the world, so you can be sure your money is secure. These include ATOL (UK), TAANZ (NZ) and we are also AITA accredited in Australia, amongst others.

### THE TOUR EXPERIENCE

On the lead up to your tour, you can enjoy our travel management software to streamline planning/communication. Each tour has its own unique trip page where we can save your time by collecting things like dietary requirements. While on tour, we offer a tour manager to make your experience as smooth as possible.

### BESPOKE ITINERARIES

While we can provide a wide range of itinerary options/samples, we customise every itinerary to suit your goals and educational needs.

### EDEN REFORESTATION PROJECT

For every student that travels with us, we plant a tree with Eden reforestation project.

## HERE'S WHAT TEACHERS HAVE TO SAY

“Westminster School recently partnered with Educating Adventures for our Science & Engineering Trip to Europe and were very impressed by their professionalism, organisation, and attention to detail. The itinerary was engaging and tailored to our students' learning, with a perfect balance of educational activities and fun experiences. Communication from James and Sahnya was clear from start to finish, and all logistics ran smoothly, making the trip stress-free for staff. Our accommodation was of a great standard, the pre-booked restaurants were excellent and the group bookings at tourist destinations meant we did not wait a minute in line; very good for Europe in July! We are already thinking about our next trip with Educating Adventures and would highly recommend to any school planning an educational tour!”

**WHITNEY IRELAND**  
Westminster School – European Tour

“Our recent business and economics school trip to San Francisco was an unforgettable experience! From exploring Silicon Valley's innovation hubs to visiting the Intel Museum and Plug and Play, students had a front-row seat to the cutting edge of tech and entrepreneurship. The tour of Alcatraz was both educational and captivating, and biking across the iconic Golden Gate Bridge added an exciting touch to the trip. Our fantastic tour guide Gary made everything even more engaging, sharing insightful stories and keeping us entertained with his jokes. It was an inspiring and enriching journey that truly broadened the horizons of all of our students.”

**RICHARD DEBRA**  
Kingsmead School – Silicon Valley Tour

“The planning/organisation was excellent. The itinerary provided worked well. The accommodation worked well and was convenient for the attractions we were seeing. The girls' highlights were the excellent Space Camp at Kennedy Space Center, some of the girls' loved Universal hugely and the Manatees were very popular. Christina (tour manager) is awesome. She obviously does a great deal of work behind the scenes as everything went very smoothly. From bringing dinner to the airport because we were late through to going to the airport in advance to make sure that the check in process would be smooth was testimony to her dedication to her job. She was very easy to get along with and very professional.”

**DR ELIZABETH RUSSELL**  
Abbotsleigh School – NASA STEM USA

“The trip was amazing! Thanks again for all of your support. Your company has been awesome to deal with in our trips over the years.”

**NICKY HODSON**  
Tauranga Girls College – New Zealand Geography and Tourism Tour

“ A huge thank you to Educating Adventures for making this trip happen for us. The girls have been buzzing about it and we have many girls wanting to go on it next time!”

**NICKY HODSON**  
Tauranga Girls' College – New Zealand  
Geography Tour

## OUR EDUCATIONAL JOURNEYS

*Tailor made to fit your schools unique needs and preferences.  
Here is some inspiration to get you started.*

### STEM TOURS

Ignite curiosity with a STEM tour that goes beyond the classroom. Explore the frontiers of space and technology at Kennedy Space Center or Space Camp Huntsville, or dive into innovation with a Japan STEM tour that includes bustling Tokyo. Our trips are designed to inspire the next generation of scientists, engineers, and tech leaders with hands-on, real-world experiences.

### HISTORY TOURS

From the ancient wonders of our Europe Ancient History trips to the pivotal moments of our Europe Modern History tours, students will connect with the past and bring the classroom to life. Alternatively, explore the rich tapestry of American history with our American History program, bringing lessons to life in iconic locations such as The National Mall.

## TAILORED FOR CURIOUS & CREATIVE MINDS

*“Tell me and I will forget, show me and I may remember;  
involve me and I will understand.”*

CONFUCIUS

### CREATIVE & VISUAL ART TOURS

Unleash your creative potential on an immersive arts tour. Find inspiration in the dynamic creative scene of our New York Creative Arts trip, or discover the unique aesthetics of the Japan Art & Design tour. We also offer a Europe Visual Arts tour, visiting world-renowned galleries and historical studios.

### PERFORMING ARTS TOURS

Take center stage on a performing arts tour designed to hone your students craft and ignite a lifelong passion. Experience the electrifying energy of Broadway in New York, the legendary West End of London, or the rich traditions of our broader Europe performing arts tours. Our trips provide unique opportunities for workshops, performances, and behind-the-scenes access.

## LANGUAGE TOURS

Fluency begins with immersion on one of our language tours. Practice your French in the stunning landscapes of France, master Mandarin with a cultural deep dive in China, or savour the romance of Italy while speaking Italian on our Italy tour. These experiences offer authentic interaction and accelerated learning in a real-world setting.

## GEOGRAPHY TOURS

Gain a global perspective with a geography tour that explores diverse environments and cultures. Discover the unique landscapes and ecosystems of New Zealand, examine sustainable urban solutions in Singapore, or delve into the complex history and geography of our Vietnam History & Geography tour. Our trips connect geographical theory with real-world applications.

## SPORTS TOURS

Compete in cricket in Sri Lanka, hit the slopes for world-class skiing in Queenstown, or train with J League coaches in Japan. Educating Adventures sports tours allow students to develop their skills while fostering camaraderie and sportsmanship, as they live, train, and explore new environments together.

## BOOKING WITH EDUCATING ADVENTURES

*Planning a school tour with Educating Adventures is simple and stress-free. Our step-by-step process takes you from your first enquiry to a fully confirmed trip with ease.*

### OUR PLANNING

The next step is to let us know that you would like to work with us and we can advise and help you to make your tour a reality. There is no obligation to travel, this step allows us to start building your quote and itinerary so you understand the costs, and assist you with approvals within the school.

### GET IT RIGHT

This quotation and itinerary is a starting point. We enjoy this stage, spending time with teachers to make changes and ensure each school group gets the best itinerary at a suitable package price. Once everything is set up and all approvals have been gained with the school, you can then advertise to your students to confirm travelling numbers.

### CONFIRM THE TRIP

To confirm your trip a non-refundable deposit (normally 15% of the package price) is required. Once we have secured the main components of your trip with our suppliers we will send you a trip confirmation document. This will include a remaining payments schedule as agreed with you. *Note: International flights are generally only available to be booked 11 months prior to travel, and this is when we fully confirm the tour.*

### TOUR LEAD UP

After your trip is confirmed, you will be assigned your dedicated operations lead for the tour. They will work with you from here until the tour completes to ensure it all runs smoothly. They are on hand to answer questions, provide information and also assist in gathering key documents/information from the travellers.

### PRICE GUARANTEE

We know how difficult it is for teachers to ask parents for more money. Once we have issued a trip confirmation document the price will never change as long as the itinerary does not change and the numbers of travellers remain the same. So the price of the tour will not increase if flights and/or taxes increase or exchange rate changes. Another reason why Educating Adventures School Tours makes teachers' lives easier!

“What an incredible company. Your service was well beyond our expectations.”

**TANYA ATHERTON**  
Sacred Heart College  
– Japan Tour

## DESIGN YOUR DREAM SCHOOL TOUR!

*Bring the classroom to life. From New Zealand to Japan, our tours give students hands-on experiences that inspire curiosity and teamwork. You choose the focus; we build the adventure.*

*Give your students an engaging and inspiring experience they will never forget. Contact us today to start the planning process.*
