ANAPLAN SUPPORT SERVICES:

STAFFING AUGMENTATION

ACCELYTICS

Is your organization struggling to find a highly-trained Anaplan resource? With the growth and popularity of the solution, Anaplan model builders and solution architects are in high demand, leaving low inventory in the job market. That's where Accelytics can help.
Our resources are on-demand to accommodate all of your Anaplan needs.

Save on Labor Costs
An average Anaplan resource can cost over $100,000 in base pay, plus benefits. Our staffing model costs a fraction of this.

Turn Key Resources
Our highly-trained and experienced Anaplan resources have delivered hundreds of complex and custom projects.

Time Savings
With our Staffing Augmentation, your organization saves valuable time and money on recruiting and training costs.

BENEFITS:

- All Accelytics resources are Anaplan certified and experienced, with a majority being Master Anaplanners
- Flexible contracts that are designed to meet any budget and the shifting priorities of your business
- Each consultant integrates as your own, allowing the priorities and scope to fit your unique business needs
- Ability to execute a wide variety of Anaplan needs, from maintenance to new application builds and upgrades
- Consultants have a high degree of functional expertise to provide advice on business processes impacting the model
