

LAUNCH YOUR AGENCY INTO NEW MARKETS WITH TECASSURED!

Looking for a cost-effective, fast, and seamless way to get your products in front of dealers? Our industry-leading software solutions are built to help agents like you expand your business.

ADMIN

Revolutionize the way you sell and manage your aftermarket products and services, including self-administered plans, with the most cost-effective solution in the industry!

AT-A-GLANCE:

- eRating and eContracting for all products, including self-insured
- Integration with PEN, F&I Express, StoneEagle and access to 200+ product/service providers, menus, DMS, and financial institutions
- Instant or customizable reporting for sales, commissions, real-time experience, loss ratio and more

MERGE

Simplified single-portal access to all providers with a seamless interface that enables dealers, credit unions, and financial institutions to quote and sell products instantly!

AT-A-GLANCE:

- Built-in credit card processing and/or 0% financing options
- Instant VIN/Serial decoding, eRating and eContracting
- Connect seamlessly with DMS and/or Loan origination systems
- Resell/manage 100+ dealer-branded sites in your MERGE system

DIRECT

Follow up with customers post-sale and offer VSC or other protection products, maintenance packages, and more — through your custom-branded website for additional profits!

AT-A-GLANCE:

- Instant VIN/Serial decoding, eRating and eContracting for multiple products/vehicle types
- Built-in credit card processing, pay-as-you-go or 0% financing options
- Marketing tool connects your CRM to email or text marketing software
- Easily customize with your logo, colors, product details and more

IN OUR FAST-CHANGING MARKET, SUCCESS DEPENDS ON INNOVATION, EFFICIENCY, AND ADAPTABILITY.

TecAssured is designed to empower agencies and providers with comprehensive, cloud-based technology that simplifies operations, reduces costs, and increases revenue.

- **Expand into New Markets** – Seamlessly integrate with leading providers, financing platforms, and dealership networks.
- **Reduce Overhead** – Automate complex processes, eliminate redundancies, and minimize administrative burden.
- **Enhance Customer Experience** – Offer seamless, dealer-branded solutions with real-time pricing, eContracting, and CRM marketing tools.
- **Scale with Confidence** – Whether you're an independent agent or a large provider, TecAssured's modular system grows with you.
- **Unmatched Customizability** – Our rating engine adapts to any vehicle type or product, giving you the flexibility to tailor programs to your needs.
- **Lightning-Fast Deployment** – Leverage our cutting-edge technology to achieve the fastest time-to-market. Get your product live in record time with rates, forms, dealer e-contracting, including voids, reporting, and remittance.
- **Seamless Integrations** – Connected with PEN, F&I Express, StoneEagle, PCMI, and more – supporting most menus, dealer sales solutions, QuickBooks®, and other essential tools.
- **Your Path to Becoming a TPA** – Why just sell products when you can own the process, build your brand, and grow your business! Our software and industry connections make the transition seamless, cost-effective, and FAST.

RAVE REVIEWS FROM SATISFIED CLIENTS:

"TecAssured is our go-to for technology and systems for rating, selling and managing service contracts, warranties, ancillary products and more!"
