RE: US Department of Commerce Adds More HTS Codes to Section 232 Steel/Aluminum

Dear Valued Client,

The US Department of Commerce has posted for public inspection a Federal Register Notice that will be published in the Federal Register on August 19, 2025. This notice states that "BIS (Bureau of Industry and Security) is adding 407 Harmonized Tariff Schedule of the United States codes to the list of products that will be considered as steel or aluminum derivative products.

Per the FRN, "The non-steel and non-aluminum content will remain subject to the reciprocal and other applicable tariffs." It goes on to note "The complete list of HTSUS codes added to the Section 232 tariffs by today's action is listed in the annexes to this notice."

Finally, the notice indicates that "The duties set out in the annex for these additional steel and aluminum derivatives are effective for...products that are entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. Eastern Time on August 18, 2025.
