RE: United States-Japan Agreement

Dear Valued Client,

The President has signed an executive order on September 4. This order sets the parameters for the United States-Japan agreement.

In general, items will be subject to a baseline 15% duty rate on most items which are of Japanese origin. The order also states that "The tariffs set forth in subsection (a) of this section shall apply retroactively to products of Japan entered for consumption or withdrawn from warehouse for consumption on or after 12:01 a.m. ET on August 7, 2025."

CBP has advised that Post Summary Corrections or Protests should not be filed until CBP has provided additional guidance through a CSMS message on how to process any corrections.
