

URETHANE GRIP PLATES

PRODUCT FEATURES

DESCRIPTION

Cast Polyurethane Olympic Grip Plates with stainless steel center ring.

SPECIFICATIONS

Available in 2.5, 5, 10, 25, 35 & 45lb weights. The stainless steel centers are hydraulically pressed into a permanent position to prevent surface damage to plates and bars. Sizes 10lb-45lb come with quad-spoke design that allows for easy handling.
