PUREOATY TOO TASTY TOO GLUTEN FREE

FROM FIELD

We go to great lengths to grow and nurture the highest quality British oats. Grown across 100,000 acres in our own fields and by farmers within 70 miles of our farm, ensuring our commitment to the quality and purity of every single oat.

TO FOOD

We produce and pack our porridge oats, granolas and award winning oat milks right here at Glebe Farm, taking our oats from grain to retail pack within 150 metres, keeping our quality high and food miles low.

TO FARM

Our dedicated process from start to finish ensures no other grains such as wheat, barley or rye (containing gluten) can contaminate our pure British oats. Our unique and strict procedures ensure that in the UK, only we can guarantee 100% gluten free

OUR FOOD TO GO IDEAS ARE SIMPLY... BROTH-TAKING.

PROVEN, FLEXIBLE FOOD TO GO SOLUTIONS THAT WON'T LOCK YOU IN.

Innovation is at the heart of many Food to Go operations, meaning it's vital that they are created to suit your unique requirements, and of course those of your customers. Which is why we are very happy to work with you to help you create delicious, inspiring and flexible menus so that, not only do your customers return time and again, but you remain totally in control of your operation's success.

On the other hand, if you're still considering if Food to Go is right for you, let us show you how to make it work to meet your specific business goals. Just one visit to our industry-leading Food Innovation Hub is all it takes to inspire you in "the art of the possible".
