PUREOATY

TOO TASTY
TOO GLUTEN FREE

FROM FIELD

We go to great lengths to grow and nurture the highest quality British oats. Grown across 100,000 acres in our own fields and by farmers within 70 miles of our farm, ensuring our commitment to the quality and purity of every single oat.

TO FOOD

We produce and pack our porridge oats, granolas and award winning oat milks right here at Glebe Farm, taking our oats from grain to retail pack within 150 metres, keeping our quality high and food miles low.

TO FARM

Our dedicated process from start to finish ensures no other grains such as wheat, barley or rye (containing gluten) can contaminate our pure British oats. Our unique and strict procedures ensure that in the UK, only we can guarantee 100% gluten free
