The Blue Owl Credit Income Fund AUT- Class B (the Fund) is classified as a hedge fund in accordance with the Australian Securities and Investment Commission (ASIC) *Regulatory Guide 240 Hedge Funds: Improving disclosure*. Channel Investment Management Limited ACN 163 234 240 AFSL 439007 (CIML) is the Responsible Entity of the Fund.

The information provided in this report is current as at 30 June 2025 and relates to the period from 1 July 2024 to 30 June 2025.

Fund Strategy

The Fund seeks to generate current income and, to a lesser extent, capital appreciation by investing primarily in U.S. middle-market companies through Blue Owl Credit Income Corp. (the Underlying Fund), focusing on loans, debt and equity investments. The Fund will invest all or substantially all its assets in the Underlying Fund, holding minimal cash for operational purposes.

Asset Allocation and Liquidity Profile as at 30 June 2025

* Represents Level 2 Assets

^ Represents Level 3 Assets

OCIC's sufficient liquidity to fund share repurchases is attributable to several sources, including cash on hand, cash from various credit facilities, investments in liquid credit, monthly subscriptions, and principal repayments. OCIC will hold a small portion of its investments in syndicated loan opportunities, which have a more liquid secondary market, in order to manage the share repurchase program. This ultimately provides us with optimal financial flexibility and allows us to prudently manage our capital structure. We anticipate that ~10-20% of OCIC's portfolio will be invested in these types of assets over time.

The standard tenor on our first lien term loans is generally five to seven years. We underwrite each of our investments to maturity. However, many of our borrowers refinance within three years. Generally, exits are a result of refinancings or repayments by a borrower.
