Aerie

29 August to 14 September 2025
Wentworth Falls School of Arts

Aerie is a Modern Art Projects Blue Mountains (MAPBM) exhibition that parallels the anthropological, social and material cultural history of the Wentworth Falls School of Arts with MAPBM's own history of contemporary art making and exhibiting. Six artists have developed new works that explore the activities and usages of this historic Arts and Crafts building (designed by Herbert Dennis) since it was built in 1914-15. The exhibition also presents five past works of MAPBM members that have been in exhibitions within other historic buildings in the Blue Mountains.
CURATOR: Cassandra Hard Lawrie

N0.	ARTWORK	IMAGE	WHERE
