Testimonials

"A few of our Ownership Culture Committee Chairs attended the EO Summit in August of 2017 and it made such an impact, we brought the program to our Kentucky facility and trained the entire company. The instructors are knowledgeable and able to explain the complexity of ESOPs in easily understood terms...I highly recommend the program!"

"Scot Forge enjoys attending the National Employee Owner Summit. When our owners attend, we learn and can share best practices among a trusted group of companies. We leave well informed and anxious to return to share our leanings with fellow owners... we leave with a greater sense of pride and an interconnected fate."

The Scot Forge ESOP Council

"WOW, such a great experience. We sent five employees to this program in 2021 and all came back with useful information. The OEOC instructors gave us great insight into how to 'Think Like Owners' and how to share this information with our fellow employee owners. I would recommend this to any employee-owner."
