I am looking forward to working with you as we create an environment where your child can reach their full potential academically, socially, and emotionally. I believe that communication will be the key contributor in helping your child develop their intellect and character, and I encourage you to contact me if you have any questions or concerns at any time. The best way to contact me is through email. I will also do my part by putting together a newsletter to update you on what we have been doing in class as well as inform you of any upcoming events which will be published in CSA District's Tuesday Times.
