## KINDERGARTEN:

All Kindergarten students this month are using their knowledge of shapes to create their very own Fairy Tale Castles. These castles are going to be on display during their Fairy Tale culminating event. Look for this information to be coming soon from your Kindergarten teacher. We finish the month finishing up unfinished projects and exploring our imagination and creativity through centers.

## NAVIGATOR:

Navigator students are wrapping up their Pop art projects, catching up on other unfinished work, and creating their own Smart Cookies, inspired by the story by Jory John.

## VOYAGER:

Voyager students are going to be catching up on unfinished work this month. We end the month looking at artist Roy Lichtenstein, as we design our own comic panels for March is Reading Month.

## EXPLORER:

We are wrapping up our February projects this month which includes our sewing unit and candy shoe designs. We end the month catching up on anything else that is unfinished before using model magic to make a bowl of fruit
