

# DevCo Investment Intern (2026/27)

DevCo Partners is looking for students to join our investment team as interns for 2026/27. The exact duration (typically 3-4 months) and timing will be mutually agreed during the application process.

## About DevCo Partners

Founded in 2014, DevCo is a long-term oriented active owner and development partner dedicated to building world-leading companies in selected niche markets. We provide our companies with hands-on operational resources, strategic support, and significant financial resources to support step changes in performance.

With assets under management of approx. €1.6 billion, we have completed 16 M&A transactions and are currently an owner of three Finnish global niche leaders: Bluefors, Medix Biochemica, and Vexve which combined generate more than 95% of revenues outside of Finland.

We continue to grow and expand our team, having raised funds in excess of €1 billion in the past year to further develop our existing portfolio companies. In addition, we are actively searching for our fourth global niche leader for which we have raised a €260m fund.

## What we are offering

- The opportunity to learn what active ownership and long-term company development means in practice through participation in the daily work with our three platform companies and evaluation of potential new investments
- To be immersed in the life of an investment professional working directly with and along-side our team of experienced individuals
- A variety of tasks including e.g., evaluation of new investment opportunities, independent market research projects, financial modelling, data analytics, strategy and board level work
- A fun and dynamic working environment in the centre of Helsinki with competitive compensation

## What we are looking for

- Individuals who are excited to learn about the broader private equity industry, active company ownership and related skillsets
- Great team player with an entrepreneurial mindset, demonstrated drive and a high level of ethics
- Relevant work experience, studies or background knowledge through personal interest in economics, finance, private equity, business development or M&A
- Students with an excellent track record, who have completed their 2nd year of studies and have full working proficiency in English
