ABOUT THE PRIMERA FOUNDATION

Established in early 2019, the Primera Foundation is a 501(c)(3) non-profit organization dedicated to the promotion and advancement of STEM careers through scholarship, technology, education, and mentorship. By exposing students who would otherwise have limited access to STEM, we provide opportunities for them to explore STEM-related concepts in hopes of planting a seed that will grow into a passion to pursue careers in STEM fields. We're committed to inspiring the next generation of engineers.

We have a multi-year partnership with the Chicago Engineers Foundation, and have sponsored four scholarship awards per year since 2019. These merit-based scholarships help students fund academic costs tied to their STEM education.

YOUTH GUIDANCE

GUIDING KIDS TO BRIGHT FUTURES

Our Foundation's financial support and partnership with the Chicago South Side YMCA provided students in the local community with needed school supplies and backpacks.

We are proud to partner with Youth Guidance and are a sponsor of their Bright Futures Gala. We share in their mission that all children deserve a bright future. Together, our work can make that happen.

THANK YOU FOR YOUR SUPPORT.
