ASSUMPTION COLLEGE

Dear Families of Colmont School,

### **ENROLMENT AT ASSUMPTION COLLEGE – evening update**

Albeit under distressing circumstances, we have enjoyed meeting many of you today. Thank you to those families who have been able to submit an online application throughout the day. For those of you who are still discerning the best way forward for your family, please know that we understand this and will be attending to applications up until Sunday at 2pm.

If you have not had an opportunity to view the College today, we will have staff available for tours tomorrow (Friday). Please make your way to Reception and you will be accommodated until 4pm.

By close of business tomorrow (Friday) we anticipate that we will be sending out the first round of enrolment interview invitations. Enrolment interviews will occur from Monday 1 August to Wednesday 3 August (including some evening appointments). More information about this will be provided in the interview invitation letter.

Our hope is that the students from Colmont School who are accepted to attend Assumption College will participate in an induction day on Friday 5 August and begin classes on Monday 8 August. This will allow both yourselves and we the College to ensure an enrolment and transition process that is as effective and pastoral as possible for each child.

While we may not be able to offer a place to all those who apply, we will do our best (within our means) to accommodate family preferences. We are conscious that some families have also applied to other schools and would appreciate being quickly informed if your child becomes enrolled elsewhere. We will then be able to offer the space to another family on the waitlist.

As with all prospective parents and carers, we welcome your questions. Please don't hesitate to reach out if we can be of further assistance.

We continue to keep you all in our thoughts and prayers at this challenging time.

Kind regards,

**Kate Fogarty**  
**Principal**
