

Make a statement

About us

Build something beautiful

You're proud of your home, but have some renovations in mind.

It could be a new kitchen, creative use of storage space or an in-home office.

You want your home to make a statement about you, but who do you turn to for help in turning your ideas into reality?

Standard solutions are widely available, but you want something personal to you - something that reflects your tastes, ideas and values; and involves you in the design and creative process.

BEYOND Joinery can help you

At BEYOND Joinery we specialise in individual, bespoke and creative joinery for discerning clients. We do all the standard stuff, but what we relish is the challenge of solving your problems, working with you, envisaging, designing and creating your dreams.

We know "beauty is in the eye of the beholder" so our first action is to listen – and then listen some more. Only once we are clear about what you want to achieve will we work with you on designs and materials to bring your ideas to life, not resting until you're happy.

If you like the sound of combining your creativity with our expertise, then we should be talking.

We're BEYOND Joinery working with you...

To make a statement

How we work

Our team

Walk-in-wardrobes

Make a statement with a wardrobe that is worthy of the collections it holds.

We will craft a walk-in wardrobe around your requirements and the space in the room, paying particular attention to design that complements the style of your home. This could be a classic walk-in wardrobe with shaker-style doors, ceiling-high shelves and shoe racks, or it could be

an ultra-modern design with sliding mirrored doors. We will design a wardrobe that best matches your taste and gives you durability and value.

Whether you are looking to design a wardrobe that fits an awkward space, or one that showcases your collection of clothes, shoes and accessories, our bespoke wardrobes go BEYOND in every way.

Our professional team will be with you throughout, from design to installation, to ensure your vision is realised at every stage and that you are completely satisfied.

We never compromise on quality and use the finest materials and internal fittings available.

Bedrooms

Create your sanctuary

This is your personal space, your sanctuary from the stresses of daily life.

Working closely with you on your bedroom design, we aim to create a space that echoes elements from the style and design of your home and blends relaxation with practicality.

We will help you choose the materials, colours, styles and finishes.

Whether it's a free-standing wardrobe, a fully fitted bedroom or even just replacing your existing wardrobe doors, we are confident we will exceed your expectations.

Children's bedrooms

Fun and function

Designing children's rooms opens up a whole world of exciting design possibilities, even for small spaces. It's the perfect excuse to be as bold, brave or magical as you want. Children's bedrooms are a masterclass in multi-functionality. They are often three rooms rolled into one – bedroom, study and playroom – for more than one child, and their friends to boot!

It is important to future-proof the design so it will work as well in a few years as it does today, taking into account likely changes in your child's tastes.

This could mean ensuring that shelves are always reachable and suitable for a range of item sizes, or that the style of the room is not fixed to a particular age group, so that it can easily be updated as your child grows.

Whether it's a nursery for a new baby or a bedroom for girls, boys or teenagers, we will help you to develop your ideas and the ideas of your children into their dream bedroom. Let the fun begin!

Kitchens

First impressions count

At BEYOND Joinery we believe that the kitchen is the heart of your home, for family and friends. We will help you create your dream kitchen where you'll love living, cooking, dining and entertaining for many years to come.

Our beautiful bespoke kitchens will be entirely tailored to you, whether your dream kitchen is traditional, contemporary or high tech.

Kitchens

Traditional

If you're looking for that homely and traditional feel to the heart of your home, with a space that evokes those feelings of happiness, while family meals are prepared and shared, then our Traditional kitchens are the perfect fit for your home.

Built on the heritage of classic design, you can choose between stunning wood or white shaker-style finishes for that classic, yet functional, kitchen.

Contemporary

We will work with you to design and create a modern kitchen as stunning as it is perfectly practical.

There is a wide range of colour schemes, shapes, sizes and materials to choose from. These include a variety of solid woods, veneers, marbles and granite surfaces plus stainless steel and high gloss-finish materials.

High tech

For ultra-modern homes and new builds, we can design a high-tech kitchen that will suit your home for many years to come.

With a range of high-quality materials and innovative storage solutions, your kitchen can be easily tailored to your home.

Living spaces

Your life - your space

We design and manufacture bespoke handmade furniture, from shelving and bookcases to understairs storage and display cabinets.

Unique, one-off, custom-made items are created from materials chosen to suit your budget and individual needs.

We work to get the very best out of your space, in terms of storage, usability and aesthetics to give you everything you need, from wall units and drawers to shelves and cupboards, that cater for items as varied as books, DVDs, CDs, vinyl and even wine!

Living spaces

Creating your perfect space

Because our bespoke handmade furniture is custom made, units can be any width and height, completely tailored to your individual requirements, from materials to suit your budget and needs. From traditional to modern fittings, we're able to do it all.

For each and every job, no matter the scale; we will go BEYOND to meet the brief you provide. Your dreams and ideas are what drive our process. We have access to a wide range of materials and finishes that will help us create your perfect space. Our experienced team is on hand to answer questions and help realise your vision.

Whether you are looking for a bespoke bookshelf, large wine rack or office desk, our made-to-measure furniture solutions will mean that you can have Joinery that goes BEYOND, in any room of your home.

Working spaces

Be productive

At BEYOND Joinery our team understands the importance of the right working environment.

Having the perfect place for the things you need enables you to work effectively, either in your home office and study or your commercial premises.

The pride and attention to detail that we apply to your home spaces and furniture, we also bring to office design. With a range of stunning materials and finishes, we create a working space that is a pleasure to work in and provides a level of sophistication that is bound to impress.

How we work

01 Consultation

Call or email us to arrange your free consultation where we will listen to you.

03 Craftsmanship

Our highly skilled team will create your vision in our workshop.

02 Design & proposal

Our designers will visualise your idea and ensure that it fits your budget.

04 Installation
