17	Frank	Hartkamp	RVO
18	Martijn	Van der Veer	SIMS Recycling Solutions
19	Katrin	Bienge	Wuppertal Institute
20	Sarah	Reddig	Wuppertal Institute

About CEDaCI

CEDaCI is a North-West Europe funded project. It will build a Circular Economy for the Data Centre Industry by bringing and increasing collaboration with stakeholders from all equipment life cycle stages to turn this waste into a useful resource and support the ongoing rapid growth of the DCI. About Green IT Amsterdam

Green IT Amsterdam is a non-profit organization that supports the wider Amsterdam region in realizing its energy transition goals. Our mission is to scout, test and showcase innovative IT solutions for increasing energy efficiency and decreasing carbon emissions. We share knowledge, expertise and ambitions, for achieving these sustainability targets with our public and private Green IT Leaders. ([website](#))
