

SCHAUMBURG PARK DISTRICT

MINUTES OF THE BOARD OF PARK COMMISSIONERS REGULAR MEETING

SCHAUMBURG PARK DISTRICT
235 EAST BEECH DRIVE
SCHAUMBURG, ILLINOIS

June 11, 2026

IMPORTANT NOTE REGARDING THE CONDUCT OF THIS MEETING

NOTICE IS HEREBY GIVEN that Section 7(e) of the Open Meetings Act (the “Act”), which provided that open or closed meetings of a public body, including its committees thereof, may be conducted by audio or video conference without physical presence of a quorum of its members, will no longer be in effect as of May 11, 2023 because Governor Pritzker’s disaster declaration related to the COVID 19 pandemic expires on that date. Accordingly, the physical quorum of the Board of Park Commissioners of the Schaumburg Park District (the “Park Board”) and of each of its committees, must be physically present for a member or members of the Park Board, or committee, to attend such meeting electronically, and then only in accordance with Part I of Schaumburg Park District Ordinance No. 20-04-1P, “AN ORDINANCE DEFINING MEETING AND ADOPTING PROCEDURES FOR ELECTRONIC ATTENDANCE AT MEETING (PART I) AND SPECIAL RULES AND PROCEDURES DURING THE COVID-19 PANDEMIC PURSUANT TO GOVERNOR PRITZKER’S EXECUTIVE ORDER NO. 2020-17 (PART II)” adopted April 9, 2020.

Nevertheless, as an accommodation to the press and public, and because of the limited size of the Board Room in the Jerry Handlon Administration Building, 235 East Beech Drive, Schaumburg, Illinois, 60193, the Park Board will continue to conduct its meetings in person and electronically.

Accordingly, members of the public are encouraged to consider attending the Park Board meeting remotely by utilizing the Zoom conference application either by calling the following telephone conference number (312) 626-6799, or by utilizing the Join Zoom Meeting link <https://us02web.zoom.us/j/4887767687>, and in either case to participate you must utilize the following Meeting ID: 488 776 7687. A link to said Zoom Meeting will also be available on the Schaumburg Park District web site www.parkfun.com by clicking on the link for the June 11, 2026, Park Board meeting at the regularly scheduled date and time of said meeting.

The meeting minutes reflect the means by which individuals participated in the meeting. Those physically present at the Schaumburg Park District’s Jerry Handlon Administration Building are denoted by “PP”. Those participating via electronic means only are denoted by “EM”.

CALL TO ORDER

President Berg called the meeting to order at 6:30 p.m. Commissioners present at the meeting included Commissioners Schmidt (EM), Mayle (PP), Longueil (PP), Trudel (PP), and Berg (PP).

Ayes: Commissioners Mayle, Longueil, and Trudel
Nays: None
Absent: Commissioner Schmidt
Recused: Commissioner Berg

The motion carried.

Commissioner Berg rejoined the meeting at 6:37 p.m.

INFORMATION ITEMS

Department Updates & Upcoming Events

Mr. LaFrenere began by highlighting that the summer season is a special time for the district, as staff have increased their efforts to deliver a full range of services to the community. Both Mr. LaFrenere and Mr. Ward visited several staff training sessions to personally thank employees for their hard work and dedication. These visits served as a reminder of the core values that drive the district's mission.

He emphasized that while the district provides numerous programs and facilities to millions of patrons, the true measure of success lies in the quality of service delivered. Staff members consistently distinguish themselves by ensuring guests feel welcome, safe, and receive the highest level of service. Their commitment to creating a positive impact within the community is evident in every interaction.

Mr. LaFrenere also acknowledged the importance of partnerships with the Village and the police department. The district is working closely with these partners to enhance

safety in the parks, particularly addressing concerns related to e-bikes. An example of this collaboration is the recent installation of a police video unit at Meineke Park, which provides real-time surveillance to the police department's monitoring team. He expressed appreciation for their continued support in these and other initiatives.

He concluded by sharing the results of a statewide expenditure analysis conducted for the Illinois Association of Park Districts (IAPD) by an independent firm. The analysis benchmarked the district against its peers and validated the district's approach, highlighting an efficient staffing model, strong operational efficiencies, and deliberate investments in facility maintenance and improvement. The district was found to generate significantly more service value per tax dollar than comparable districts, reflecting disciplined financial management and operational efficiency. Mr. LaFrenere thanked everyone for their role in this ongoing process.

Mr. O'Donnell reported that the Finance staff are currently dedicating significant attention to year-end audit preparations. Last week, the auditors were onsite to conduct their preliminary fieldwork, and they are scheduled to return on July 20 to complete the primary portion of their audit. Additionally, the department is actively working on closing out the month of May.

Staff have also been collaborating with Chapman and Wintrust regarding the bond issuance, which is listed as an action item on tonight's agenda.

On the IT side, ongoing projects include work on the Brightly and Informacast systems. Furthermore, the IT team has been implementing a new cybersecurity monitoring solution designed to enhance the district's capacity to detect and respond to potential cybersecurity threats.

Mr. King reported that the Parks staff have been actively engaged in storm cleanup efforts throughout the district. He recognized Derek Lamberti and Ed Christenson for their outstanding work in preparing the new softball fields for the upcoming ribbon cutting event, noting that the contractor is now transitioning to work on soccer field #10. Staff provided important support by setting up fencing and signage for the new police video trailer at Meineke Park, reinforcing ongoing safety initiatives. In addition, they replaced damaged Challenge Course equipment to maintain facility standards and ensure participant safety. Maintenance efforts continued with the repair of a cracked catch basin at SGC, where new concrete was poured. The team is also working diligently to manage weed growth, a challenge heightened by the recent combination of high temperatures and rainy conditions. The volunteer group from Woodfield Mall rescheduled their planned work due to the adverse weather. Meanwhile, Parks staff are assisting with preparations for this weekend's Solstice Fest and Pick-a-Park events. Following tonight's approval, staff will meet with the Lancer Creek contractor to begin scheduling the next phase of work. Coordination is ongoing with the Village regarding the new Volkening Lake property and installation of a digital sign. Playground equipment installation is underway at Apollo playground. Additionally, a public open house meeting was held in Village in the Park to gather feedback from residents, and a meeting took place with patrons who use the bocce ball court at CRC to discuss replacing the court with synthetic turf.

Mr. Parsons commended Nick Yackle and the entire SGC team for their exceptional efforts in maintaining the golf course, especially given the challenging weather conditions of high heat and heavy rain. Their dedication ensured the course remained in

excellent shape for all patrons throughout the month. Despite the adverse weather, SGC experienced strong activity in May, with a total of 11,136 rounds played. This represents a significant increase of 12.4% compared to May 2025, highlighting the popularity and resilience of the facility. Several programs and camps are currently underway, including the PGA Junior League, Schaumburg High School camps, and summer camps. The course continues to be a hub of activity, hosting a variety of golf outings and providing opportunities for skill development and community engagement. In addition, SGC is partnering with Callaway, Titleist, and FootJoy to host fitting days throughout June, offering golfers access to professional equipment fitting and expertise. Recent events have also seen success, such as the 9 and Dine event held in May, which had 18 participants. Another 9 and Dine event is scheduled for Friday, continuing to foster camaraderie and enjoyment among players.

This Saturday, the district will host the Solstice Fest, featuring a 90s theme that promises a nostalgic and engaging experience for attendees. Mr. Sienkiewicz expressed appreciation for the collaborative efforts with the Village, acknowledging their coordination and the use of the Prairie Center grounds, which are instrumental in making the event a success.

Mr. Sienkiewicz also extended his gratitude to all staff members throughout the district, recognizing their teamwork and willingness to contribute in various capacities. The spirit of collaboration continues to be a hallmark of district operations.

Ascension has confirmed the continuation of their park partnership, with further details currently being finalized. This partnership underscores ongoing community engagement and support for district programs.

The Marketing staff are actively preparing e-blasts and promotional materials for upcoming pop-up events, ensuring broad outreach and engagement with patrons. In addition, work is progressing on the fall snapshot and program guide, which will provide comprehensive information on programs and activities available in the upcoming season.

Ms. Mielitz extended congratulations to Derek Lamberti for reaching his 15-year service anniversary and to Kyle Wenz for achieving his 5-year milestone. Their dedication and contributions to the organization were recognized and celebrated. The Human Resources department has been actively engaged in onboarding activities, welcoming a total of 172 new hires and rehires to the district. This busy period reflects the ongoing efforts to ensure the staff is prepared for the summer season. Ms. Mielitz participated in the aquatics summer training session and commended the event for its excellent organization and execution, highlighting the professionalism and preparedness of the aquatics team. In addition to onboarding, the HR department has been diligently updating internal procedures to support efficient operations and compliance. The Wellness Committee continues to promote staff health and engagement through various activities. Last month, they hosted a Wildflower Walk at Spring Valley, and this week featured a Yoga at the Farm event. The June Steps Challenge is currently underway, encouraging staff participation and physical activity. Additional summer wellness events are planned and will be launched later in the season.

Mr. Ward expressed sincere appreciation for every department, emphasizing that launching the summer season requires a collective effort across the entire organization. He acknowledged the contributions of all staff, highlighting that their teamwork is crucial during this busy time of year. Recently, staff benefited from a leadership presentation by

guest speaker Molly Grisham, who shared her approach to leadership with both full- and part-time employees. This session aimed to inspire and enhance leadership skills throughout the district. All outdoor pools are now open for the season, marking a successful start to summer recreational activities. The Olympic Park ribbon cutting event was well-attended, and Mr. Ward specifically thanked the Parks staff for their extra efforts in preparing and supporting the event. At the upcoming Joint Advisory Committee (JAC) meeting, staff will present potential plans for improvements at Bock Recreation Center and the Nature Center. Meanwhile, work continues toward the completion of the SGC project. The aquatics team has been well-prepared for the pool season, with 180 staff members undergoing training in advance. Swim lessons are experiencing significant growth, with enrollment increasing from 547 last summer to 700 this summer. Membership numbers also continue to rise, currently reaching approximately 8,000. Preschool registration is expanding across all three locations, reflecting ongoing demand and community interest. Many KASPER programs are already full for the fall school season, demonstrating strong participation in district offerings. Summer camps are in progress throughout the district. This monumental effort involves coordination across departments to ensure a successful summer session. Mr. Ward thanked all staff for their positive contributions and the experiences they provide for the community. On Sunday, Pick-a-Park events are scheduled at Belle, Meineke, Golf & Knollwood Parks, offering community members opportunities for engagement and recreation. Additionally, Mr. LaFrenere noted that the police department is seeking to participate in more district events, aiming to enhance their presence and engagement within the community.

IAPD/IPRA Committee Updates

Commissioner Mayle stated that he and Commissioner Schmidt attended an Illinois Joint Accreditation Committee meeting on June 4.
