Our Commitment towards Environment

We, at Emerald Maldives Resort and Spa, are conscious of global environmental issues and acknowledge our responsibility towards the environment.

While the well-being of our guests remains on the forefront, we commit ourselves to carry out operations in a sustainable manner, taking every step to minimize operational impact on, and preserve the environment wherever we operate.

Our Emerald Green Pillars

Our Green Agenda

Environmental Awareness

Train staff on eco-friendly practices.

Promote sustainable habits at work & daily life.

Share commitment with guests & invite their support.

Extend awareness to local communities.

Energy

Improve efficiency, use renewable energy (solar, etc.).

Maintain equipment properly.

Use timers/sensors to control energy.

Reduce fossil fuel dependence.

Monitor and set reduction targets

Green Procurement

Prefer eco-friendly, recycled, biodegradable, and energy-efficient products.

Source local, seasonal goods to reduce transport emissions.

Favor organic fertilizers & safe cleaning agents.

Encourage vendors with green values.

Buy in bulk to cut packaging waste.

more of... Our Green Agenda

Destination Protection

Safeguard natural & cultural values.

Promote local food, crafts & entertainment.

Work with communities on cultural attractions.

Encourage eco-friendly souvenirs.

Water

Desalinate seawater for resort needs.

Detect & repair leaks promptly.

Install water-saving devices.

Promote reuse (towels, sheets, greywater for irrigation).

Collect rainwater where possible.

Educate staff & guests on conservation.

Waste

Reduce disposables and single-use plastics.

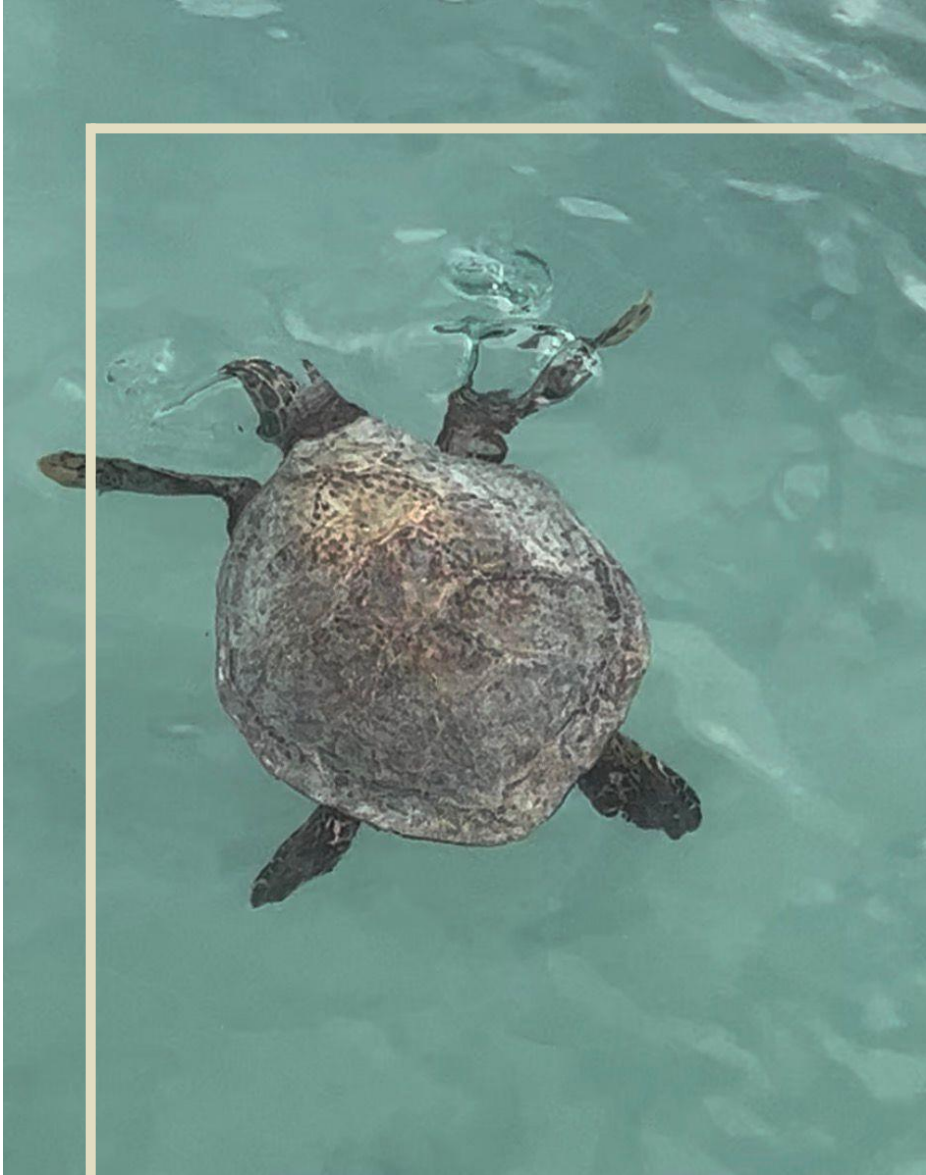

Compost organic & garden waste.

Partner with recycling firms (Parley, Vamco).

Safely dispose of hazardous waste.

Support clean-up activities.

Implement biogas project for energy recovery.

more of... Our Green Agenda

Marine Life and Conservation

Prevent ocean pollution (no wastewater discharge).

Educate guests on reef-friendly behavior.

Support coral restoration & clean-ups.

Maintain boats to reduce noise & emissions.

Plant trees to reduce ocean warming impact.

Biodiversity and Wildlife

Limit pesticides, use organic fertilizers.

Promote native plants for landscaping.

Avoid invasive species.

Do not sell/display products from threatened species.

Support restoration projects.

Protect wildlife, no captive animals except for rescue or legal breeding.

Embracing Sustainability by:

- ✓ Protecting natural resources
 - ✓ Preserving local culture
 - ✓ Reducing waste & emissions
 - ✓ Engaging team members, guests and community
-

Our Green Commitment

At Emerald Maldives Resort & Spa, we are devoted to preserving the natural beauty that surrounds us through conscientious environmental policies. By reducing waste, conserving water, and supporting local communities, we ensure our operations honor the magnificent ecosystems of the Maldives.

We strive to provide an eco-friendly and enjoyable experience, believing that caring for our environment offers guests a truly unique and sustainable stay. Join us on our journey toward a greener future
