Any costs incurred relating to vaccinations or tests are the responsibility of the applicant in order to comply with these requirements.

8. Payments

Programme payments are due 14 days from the date the charge appears on your online

Camp America account. You should adhere to deadlines issued via your online Camp America account in order to avoid penalties and retain J1 visa sponsorship.

9. Acceptance on to the programme

Following interview, your application will be submitted via your online Camp America account, to the Camp America office for assessment. At this time your application will be made available to US Camp Directors to view online. Once a completed application with references and police check has been received and 2nd instalment made, we will determine if your application can be accepted, confirm your placement, and electronically produce your DS2019. If your application is accepted there is no guarantee that a camp will offer you a summer position. Placements are offered based on a match in your availability, skills and experience. Placements are made from season start through to early July.

10. Notification of Placement

You will be notified of placement via your online Camp America account. You are required to accept your placement within 7 days of the offer being made. We strongly advise you to review, not only the camp information on your online Camp America account, but also the specific camp's website. Once your placement is confirmed, you will be sent a copy of your placement information by email –this will include any specific terms (and any conditions that are in addition or a variation of these terms and conditions). You are expected to pay your 3rd instalment at this time.

11. Criminal Background Checks

a) You are required to declare criminal convictions including juvenile cautions, reprimands and current charges on your application form. This is also a requirement of the US Embassy in the visa process. As Embassy regulations are extremely strict, non-disclosure of information may result in a longer visa process and in some cases visa refusal. Failure to reveal information that is directly relevant to the position sought could lead to withdrawal of an offer of employment. No refunds will be given to participants whose visa has been refused due to a non-disclosed criminal background. Failure to disclose details of criminal convictions (including juvenile, cautions and current charges) are grounds for dismissal from the programme, and will lead to any payments already made being forfeited. If you have had incidents with the law, you are advised to check our [website](https://www.campamerica.co.uk/costs/applying/requirements) <https://www.campamerica.co.uk/costs/applying/requirements> and discuss such matters with your interviewer or the local recruitment office before you are interviewed for the programme. Please note that because all our participants work closely with children our programme comes under the Rehabilitation of Offenders Act 1974 (Exception) Order 1975 (as amended in 2013) and you must therefore declare relevant spent convictions. Offences relating to drugs or violence will render you ineligible for the programme. Please also note that some camps undertake random drug testing during the summer.

b) Camp America requires all participants including returners to provide criminal background checks (see our [website](https://www.campamerica.co.uk/costs/applying/requirements) or talk to your interviewer for details). Charges for a criminal record check varies from country to country and payment will be the responsibility of the applicant. Camp America reserves the right to dismiss anyone from the programme without compensation or refund if they are found to have concealed any criminal conviction, caution or pending charge.

c) *UK only* - in the UK, Scotland and Northern Ireland, it is Camp America policy to obtain Enhanced DBS checks. You will be required to apply and pay for your DBS online via the website of our processing partner according to the instructions we give you. This charge is currently £54.59, but subject to change beyond our control. As part of the online DBS application, you will be required to upload 2 forms of photographic ID from an approved list. If you are unable to present the required forms of photographic identification, you will be required to complete an ID check in person with the Post Office. The Post Office will charge a fee for undertaking this ID Check service and DBS application of approximately £55.20 which

is also subject to change beyond our control. In some cases, the type of Police Check requested may change due to conditions beyond our control.

Applicants who fail to submit their police check forms within 4 weeks of submitting their application may be required to obtain additional checks at their own expense.

d) By signing and submitting your application to us and later applying for/submitting your police/DBS check, you acknowledge that this check will be shared with Camps (see our privacy policy www.campamerica.co.uk/help/privacy-policy for further details on how we use this information).

e) Applicants without a clear police check should be aware that additional costs will be incurred if additional checks are deemed necessary and may also incur substantial additional Embassy costs during the visa application process.

f) Applicants should be aware that they may be required to complete additional US State Police checks and finger prints (in addition to checks completed in their home country). When required these checks are completed upon arrival at camp. Checks are handled differently by each camp and state. Some additional charges may apply.

12. Medical Background Checks

a) There are a number of medical conditions that render applicants' ineligible for the programme. Please see the FAQ section on our website, www.campamerica.co.uk, for further details. <http://www.campamerica.co.uk/help/faqs>

b) Having checked the website, please discuss with your interviewer any medical problems that you have or have had in the past which may affect your chances of being placed or of participating on the programme. You will be required to complete a medical history form countersigned by your doctor. Failure to disclose relevant medical information at the earliest opportunity is grounds for dismissal from the programme and any payments already made will be forfeited and the Group International Accident & Sickness coverage arranged for the American Institute for Foreign Study, Inc will be rendered invalid. Please note that only limited cover is available for pre-existing medical conditions, and congenital conditions are not covered under the Group International Accident & Sickness coverage arranged for the American Institute for Foreign Study, Inc. Participants may be required to buy an independent supplementary policy at their own additional expense to ensure they have sufficient coverage for their individual needs. Exclusions on the Group International Accident & Sickness coverage arranged for the American Institute for Foreign Study, Inc mean that hospital bills etc. for mental conditions including (but not limited to) depression and anxiety, bi-polar disorder, schizophrenia, self-harm or injuries caused while intoxicated will not be covered and you will be personally responsible for any such costs. Please check the Group International Accident & Sickness coverage arranged for the American Institute for Foreign Study, Inc document for full details of all exclusions.

13. Changes to your Criminal or Medical Background

a) Even after you pass the interview and are accepted as a candidate for the programme and after being offered a place, it remains your responsibility to inform the Camp America office by email to enquiries@campamerica.co.uk of any material changes to your medical or criminal history.

b) You are expected to supply criminal history documentation and medical documentation within 14 days of placement. The final deadline for all documentations is 1st April.

14. Undisclosed Medical or Criminal Background Information

If medical or criminal information comes to light that has not been previously disclosed on

your application, your application may be subject to cancellation. If you are already in the US, you will be required to leave and travel back to your home country will be at your own expense.

15. Pre-departure Medical & Criminal Background Issues

Camp America must be notified if you have been exposed to a communicable disease, have sustained a serious injury or have any other changes to your general medical condition. Camp America reserves the right to vary, delay or cancel your placement should your criminal or medical circumstances change or deteriorate between the time of your application and the date that you are due to depart for the United States. In addition, in the event of a change to your medical information or non-disclosed medical information coming to light, details of this may be disclosed to your named emergency contact for your own protection.

16. Vaccinations

It is a mandatory requirement of the majority of camps, that participants have been vaccinated against Measles and Camps expect that participants will have fully completed their country's general immunization schedule against vaccine-preventable diseases. You will be asked to evidence this on your Camp America medical form. A camp may be unable to take you if you have not been fully vaccinated. If you are concerned, you should discuss this with your Doctor. Additionally, some camps may have additional vaccination requirements (such as COVID vaccination) and any costs incurred will be the participant's and agreed by accepting the placement.

17. Obtaining the J-1 Visa

a) You agree to complete all visa requirements including attending personal interview at the United States Embassy or Consulate at your own expense in accordance with the instructions thereof and to be responsible for obtaining a valid passport at least six months prior to departure.

b) Once you have accepted a placement and upon receipt of police check, Camp America will then register your details in the U.S Government Student and Exchange Visitor Information System (SEVIS) to issue the form required for application for the J-1 visa from your nearest American Consulate and to confirm our sponsorship of you to US authorities. The DS2019 form will appear on your 'My Camp America' portal. Prior to confirming your placement, you are required to check that your personal details are correct on our database (this includes names as on passport, date of birth, Nationality etc) to ensure your DS2019 is correct. Failure to do this will result in an additional DS2019 re-issue fee of £10 per DS2019 form. Once your visa is issued you will need to comply with Camp America pre-departure requirements to ensure your sponsorship remains active.

c) You cannot participate on the programme without a J-1 visa stamped in your passport, and will be required to keep your DS2019 with your passport when at the border.

d) The J1 visa is obtained by attending a face-to-face interview at your nearest American Embassy/Consulate. All US embassies now impose dollar based visa fees mandated by Congress (currently US\$185 plus courier fees), which you will be required to pay in addition to Camp America payments (see our [website](https://www.campamerica.co.uk/how-it-works/costs) <https://www.campamerica.co.uk/how-it-works/costs> for the most recent details). Applicants are also responsible for the costs of travel to and from their visa appointment and any courier fees charged by the embassy (see our website for further details of embassy procedures <http://www.campamerica.co.uk/help/faqs>). Applicants are advised to complete visa interview formalities as soon as possible once placement is confirmed. Interview appointments become very booked up after April 1st – and failure to book a timely appointment or update your online Camp America account with your appointment date will constitute cancellation from the programme. Applicants applying for a J1 visa on an Australian passport are also subject to an Issuance/Reciprocity fee of US\$215.

e) It is an expectation of the US Embassy for all participants to provide reason for proof of return to their home country. Please see <https://www.campamerica.co.uk/cad/us-embassy-proof-of-return> for more information.

f) Repeat Applicants – Applicants intending to repeat on the Camp America programme are reminded that a DS2019 is produced once your Police Check is received. Repeat applicants are required to have their visa application submitted to the embassy before March 1st to ensure appointments are readily available. Currently the number of visas that can be issued annually to participants returning for a third summer or more are capped and only available to applicants who have previously participated in the Camp America programme. Therefore, application before December is advised.

g) If you cancel following visa issuance, we will withdraw your visa sponsorship and SEVIS entry will be cancelled, and you will not be able to enter the US as your visa will no longer be valid.

18. Visa Refusal

Payments made to the US Embassy for visa application are non-refundable. If you are refused a visa by the American authorities, please inform Camp America immediately. Partial refunds of payments made to Camp America may be made at the discretion of Camp America, once proof of refusal is received. If you have been previously refused a visa, you have failed to follow instructions given by Camp America regarding your visa application, or have an undisclosed criminal conviction, no refund will be given. It should be noted that to process your J-1 visa the US Embassy will be required to keep your passport for a number of days in order to print the visa into it. You should notify Camp America if you need to use your passport for other travel in the April to July period. Please email to visa@campamerica.co.uk If you are refused a visa or denied entry to the US due to content on your social media accounts (which may include deleted content) a refund will not be applicable.

19. Visa Regulations – while in the USA.

a) You are permitted to enter the US no more than 30 days before the programme date shown on your DS2019. This is termed a 'Grace Period'. You are not permitted to work during this time. Upon successful completion of your programme you have a further grace period of 30 days to depart the US, **during which time you are not authorized to work**. The United States Government has systems to track participants who over-stay their visas and the penalties involved may well include bans of up to 10 years for the violator and their relatives. Camp America will assist the United States authorities in every way to identify anyone who violates the privileges of their J-1 cultural exchange visitor visa. In addition to reporting all violators of the visa to the US authorities, Camp America will report all such visa misdemeanours to the university, college, employer and referees of anyone who abuses the privileges of the visa.

b) If you are participating on the Campower programme, you will additionally be required to complete a 'Monthly Check-In' which will be emailed to you every three weeks. Completing this questionnaire is a regulation of your programme and failure to do so could potentially have serious visa implications.

c) Any participants who fail to comply with our payment, medical or criminal policies may jeopardise their status with the programme. As your visa sponsor, Camp America is required to maintain your visa sponsorship status in the SEVIS system. We have the right to revoke J-1 visa sponsorship at any time if you fail to comply with programme requirements – this includes once your visa has been issued. If your visa is set to 'inactive' while you are in the US, you will have 30 days to regularize your status or depart the US.

d) You agree to abide by all appropriate regulations and instructions of the U.S. Government, including returning home within the designated period of 30 days following successful completion of the programme. Please note there are life-long consequences for failure to follow visa regulations and exiting the US within the designated period.

e) As your visa sponsor, Camp America is required to maintain your visa sponsorship status in the SEVIS system. We have the right to revoke J-1 visa sponsorship at any time if you fail to comply with programme requirements – this includes once your visa has been issued by a US embassy. If your SEVIS status is set to 'inactive' by us while you are in the US, you will have 30 days to regularize your status or depart the US.

20. Participation on Camp America – placement on a camp.

a) Camp America does not own or in any way assume responsibility for the operation of camps as they are independently owned and operated. As a consequence, Camp America cannot, and does not, accept liability for any decisions, actions or omissions of whatever nature made by or on behalf of the proprietors or directors of the camps. If you consider that you have suffered any loss, injury or damage whatsoever as a result of any such decisions, actions or omissions, your right to recourse lies against the director or proprietor of the individual camp or resort. Your acceptance of a placement with a camp is subject to this condition.

b) You are required to complete a 9 week assignment (10 weeks for Day Camps).

c) Any requirement to work longer than 9 weeks should be confirmed with your Camp Director prior to the start of your placement. Participants taking a Day Camp placement may be required to undertake a 10 week placement due to the time off given during the placement. Camp America is required by the US Department of State to keep your SEVIS record updated. You are therefore required to keep Camp America informed of any changes to the length of your placement.

d) The responsibility of the camp to you is limited to housing, food, linen, the cost of transport from the arrival city in the U.S. to the camp, and pocket money paid to you by the camp. Any conditions of the placement that are not the 'standard' will be communicated to you via the placement information on your 'My Camp America' account. If any problems should arise between you and your camp during the course of your stay, you must promptly inform our representative in Connecticut via our 24/7 answering service on **1 866 222 2074**

e) Exception States

In order to comply with State Law, participants placed in California, Colorado and Wisconsin, will be required to adhere to a different model from the standard Camp America model. Participants will be required to arrange and pay for their own flight (they will pay a lower Camp America fee) and will receive pocket money in line with relevant minimum wage and permitted deductions (including enrolment in the Group International Accident & Sickness coverage arranged for the American Institute for Foreign Study, Inc, housing and food). Participants accepting a placement in California, Colorado and Wisconsin will be required to agree to additional Terms and Conditions prior to confirmation of placement.

f) Additional costs

In certain states, additional state checks (either criminal or medical including vaccination) may be applicable. These are usually paid upon arrival to camp and will be confirmed by your camp prior to departure.

21. While on Camp:

a) You agree to carry out your Camp Counsellor or Campower duties and other responsibilities towards the participating camp to the best of your ability and with due

respect.

b) You agree to co-operate fully with those supervising the programme on behalf of Camp America, and you agree to abide by any reasonable instructions they may give you. You also agree to adhere to any guidelines implemented to keep the camp, campers and staff safe.

22. Safeguarding

Camp America considers children and young people to be individual and valuable members of society who have an unconditional right to be treated with dignity and respect. As such they should be fully protected against any exertion of inappropriate power, whether sexual, physical or emotional. **Relationships with campers, or with anyone under the age of 18, are strictly forbidden. You are not permitted to communicate with campers, CIT's or anyone under the age of 18 on social media.**

This is a zero tolerance policy. Camp America will fully support any action taken against perpetrators of abuse.

23. Behaviour, social media, drugs and alcohol

a) You agree to abide by all lawful rules and reasonable regulations of Camp America contained herein and of the camp in which you are placed. Please be advised that all camps have a strict no alcohol/drugs policy. **This is a zero tolerance policy.** Camps will also have no smoking/vaping policies that may extend to local towns as well as camp grounds, most camps also operate a curfew requiring you to return to camp by a deadline when on time off. If you break any of these rules you will be required to leave camp **immediately** and will be responsible for your own costs and for any costs incurred by Camp America through non-payment or reduced payment of fees by the camp. **It is illegal to buy, consume or be in possession of alcohol under the age of 21 in the USA.**

b) In line with standard protocols when working with children and vulnerable adults, participants are expected to ensure all social media accounts are set to private prior to departure to the US. Participants are required to supply personal social media accounts as part of the visa application process and the US Embassy may use this information to determine suitability for the programme.

24. Emergencies while in the US

a) Understand that Camp America or its affiliates or agents may, without liability, or expense to themselves take whatever action they deem appropriate with regard to your health and safety and may place you in a hospital for medical services and treatment or, if no hospital is readily available, may place you in the hands of a local medical doctor for treatment. You undertake to reimburse us, our agents or the summer camp in which you are placed for any expenses incurred by us or them in taking any action reasonably considered necessary in the interests of your health and safety, which may not be covered by the Group International Accident & Sickness coverage arranged for the American Institute for Foreign Study, Inc. If deemed desirable by Camp America or its agents, you authorise them to transport you back to your country of origin at your own expense.

b) You agree to waive and release Camp America and its affiliates, agents and employees from any claims whatsoever arising from any injury, loss, damage, accident, delay, or expense resulting from events beyond its control, including without limitation acts of God, acts of war, strikes, incidents of politically motivated violence, terrorism, pandemic, sickness or quarantine, government restrictions or regulations, and, in the absence of gross negligence (or negligence in the case of personal injury) by Camp America, arising from the use of any vehicle or from any act or omission by any agent or employee or guests of the participating camp, individual, firm, or company in relation to transportation to, from and within the U.S. or another facility or service organised on your behalf.

25. Pocket Money (payment from Camp) and Taxes

- a) Camp Counselors and Campowers (who hold J-1 visas) are required to file a U.S. Federal income tax return and in certain cases, a State income tax return to satisfy their U.S. income tax liability. If tax has not been deducted by your camp, then participants are required to make their payment to the US tax authorities when submitting their tax return. The deadline for tax payments is April 15th in the following year.
- b) Reimbursement for the full pocket money indicated in your online 'My Camp America' personal placement profile will be awarded based upon the following criteria of days worked - 63 days for Camp, 70 days for Day Camps. If you do not work the full amount of days indicated above for your respective programme, you will be awarded your pocket money on a pro-rated basis upon the number of days you actually worked. If you leave the programme for any reason, you will also only be given pro-rated pocket money based upon your actual days worked. This pocket money payment **includes** the refund of payments you paid to Camp America prior to your departure.
- c) Please note that our organization does not have tax preparation capabilities but can provide a referral to an accounting firm which can assist with completing and filing the foregoing tax forms and remitting the tax due to the U.S. Internal Revenue Service ("IRS"). For more information on tax please visit <https://www.campamerica.co.uk/taxes>
- d) Your pocket money may be subject to taxation in your home country. You are responsible for making your own tax declarations. You can note that pocket money includes reimbursement of the programme fee paid to Camp America. (this reimbursement does not include the 1st instalment which is non-refundable)

26. Participants taking a Camp America Flight to the US

- a) If you withdraw from the programme following the ticketing of your flight, you will be required to pay an additional \$325 towards your unused flight ticket. Penalties are necessary because of the expense of flight reservations, interviewing, matching applicants with vacancies and general administrative costs involved in the programme. Camp America must be informed immediately of all cancellations.
- b) In most instances your departure airport will be assigned according to the country from which you apply. The flight will either be free or subsidised and a regional supplement due.
- c) No changes to your choice of departure airport can be made after 1st March.
- d) Once your flight is ticketed, any changes may incur a minimum penalty fee of \$325. If you reject your assigned westbound flight once your flight is ticketed, the penalty is increased and can be up to the full price of your ticket.
- e) Understand that Camp America flights, unless specified otherwise, will normally depart from and return to London (unless a special surcharge is paid to Camp America in order to depart from another airport) and that you are responsible for any other transport costs prior to departure and upon your return.
- f) You agree to be present in good time for all flights or other transportation provided or arranged by Camp America. Camp America will not provide or be responsible for alternative transportation.
- g) Most Camp America booked flights include 1 checked piece of luggage (23kg.) Check directly on airline websites for full baggage allowance. If you wish to take additional luggage, you must wait until you have your ticket number and contact the airline directly to

arrange at your own cost. Please note - All flights for CENTRAL/SOUTHERN AMERICA do not include luggage and will need to be added by the applicant at their own cost.

h) Any costs associated with failure to meet US government entry requirements will be the responsibility of the participant.

27. Participants taking a Camp America Flight from the US

a) You understand that you must make your own way back to your assigned U.S. departure airport (usually New York) at the end of the programme in time for your return flight and pay any transportation costs from your camp to the airport.

b) Detailed procedures of eastbound (from US) flights will be sent to you from April 1st.

c) Due to a high volume of air travel there are certain dates that may be very difficult to book flights back from the USA. For summer 2026 these dates are August 11th to Sept 5th. Unless a flight date is requested before April 1st we may be unable to provide flights during the specified dates.

d) You will be required to select your return flight option before you depart for the U.S. and changes are possible pre-departure. If you need to change your return flight date once in the US a minimum change fee of \$175 will apply. All changes will be subject to airline availability in the booking classes or codes that we utilize and we cannot guarantee that your requested date will be available. In some cases flights might be available at a price over and above that covered by the \$175 change fee and if this is the case you will be offered the option to pay a cost over the change fee in order to get the date you have requested or remain at your original date or accept an alternative date/route that we can offer.

e) It is the participant's responsibility to ensure all airline or government vaccination or entry testing requirements are fulfilled. Failure to do so will result in any additional costs incurred being payable by the participant.

28. Participants arranging their Own Transport to & from the US

a) As an OWN TRAVELLER you are responsible for making your own travel arrangements to and from America - you are not eligible to fly on a Camp America flight in either direction.

b) The deadline for changing to either a Camp America flight or the Own Transport option is 1st March (note, Camp America flight option is not available for applicants placed in California/Colorado/Wisconsin/or those applicants applying from Australia & New Zealand). Any changes after this date will be subject to a penalty fee being imposed.

c) Your Camp Director is responsible for providing you with information about how to get to the camp.

d) You are advised not to make any international/domestic flight arrangements that cannot be cancelled/alterd without a refund, even if you have had a placement confirmed. This is in case last minute placement changes have to be made or the placement falls through, or your visa is delayed/not granted. Camp America will not make any compensation payments for any travel arrangements that you need to change or cancel in any circumstances.

e) All flights or other bookings purchased from Camp America agents are considered to be private arrangements made independently and are not part of the Camp America programmes in any respect.

f) Your date of arrival at your camp must be in strict accordance with your camp's

instructions, and should coincide with the Camp America arrival date on your placement information. You should additionally notify Camp America and your camp of any countries you will be transiting through prior to your arrival at camp. At the end of your 9-12 week assignment you will be responsible for your own transport home.

g) If you are fired it is your responsibility to make your own return flight reservations and all costs incurred are your responsibility.

h) It is the participant's responsibility to ensure all airline or government vaccination or entry testing requirements are fulfilled.

i) It is your responsibility to ensure all required Camp America documentation (references, police background checks and medical form) are submitted at least 3 weeks prior to your departure.

For participants from Australia & New Zealand; our local offices will provide you with a referral to partner travel agents who can provide assistance.

Pocket money rates paid to 'Own Travel' participants have been enhanced to include a contribution towards airline costs.

29. If Camp America fail to place you or cannot accept your application

The Camp America 1st instalment is non-refundable, however if we do not accept your application, or if, having completed all your application requirements (references, police check etc) we fail to place you by June 30, any additional payments made to Camp America may be refunded on a discretionary basis. Please note that third party costs are not refundable. Being unplaced in a season will not affect any future applications to Camp America.

30. If you withdraw from the programme: before placement.

Substantial expenses are incurred by Camp America on your behalf while your application is considered by Camp Directors. If you withdraw following a successful interview, you will forfeit all instalments paid. (At Camp America's discretion exceptions may be made in some cases of bona fide illness or medical incapacity as confirmed by a medical certificate but will not include the 1st instalment which is non-refundable in all instances.) If you decide to withdraw from the programme, you must inform Camp America immediately by emailing enquiries@campamerica.co.uk in order to reduce or limit penalties due.

31. If you withdraw from the programme: after placement (prior to departure)

After placement, if you fail to participate for any reason, all instalments paid, together with any regional flight surcharges will be forfeit. (At Camp America's discretion exceptions may be made in some cases of bona fide illness or medical incapacity as confirmed by a medical certificate but will not include the 1st instalment which is non-refundable in all instances). If you decide to withdraw from the programme, you must inform Camp America immediately by emailing enquiries@campamerica.co.uk in order to reduce or limit penalties due.

32. Once in the US: if you withdraw from the programme or your placement is terminated

a) Should you decide to leave camp early or if you do not qualify for or accept a rematch, you will be liable to reimburse Camp America a portion of the agency fee (**US\$800**) which is normally paid by camp on the completion of your 9 week assignment. This amount will be pro-rated (as will your pocket money) according to the number of days completed.

b) If you are unable to complete your assignment due to a medical reason (as determined by a doctor in the US) the amount of pocket money to be paid will be determined on the time you worked on camp. Programme fee and all other payments will not be refunded.

c) If you are fired from camp, resign, leave camp due to homesickness or if you engage in conduct that in the opinion of Camp America is deemed detrimental, our sponsorship will be revoked, you will forfeit your pocket money, programme fee, and all other payments. You will no longer be deemed on the Camp America programme, and you will therefore no longer be covered by the Group International Accident & Sickness coverage arranged for the American Institute for Foreign Study, Inc. You will be financially responsible for your costs to fly home. In such cases you are required to contact Camp America immediately on 1-866-222-2074 (24 hour number).

d) Camp America has a legal and moral obligation to report to the US authorities anyone who leaves the programme prematurely (of their own decision or by being fired from camp for any reason) or who in any other way violates their J-1 cultural exchange visitor's visa. You will also be liable to pay up to US\$800 to cover costs incurred by Camp America through non-payment or reduced payment of fees by the camp.

33. Seeking a rematch while in the US

Sometimes participants may seek a rematch to a different camp while in the US. Once you arrive in the US, Camp America's ability to rematch you, if your initial placement is unsuitable, is limited, but we will make every effort. It is important that you contact our US office and if possible, **we will undertake the search for an alternative placement however, it is extremely difficult without a positive recommendation from your previous camp.** Accommodation and food costs etc during the time of seeking a new placement will be your responsibility. During this time, you will be required to maintain daily contact with our US office or will be deemed to have left the programme and cancellation of our visa sponsorship will ensue. Even with a positive recommendation rematch after firing is at Camp America's discretion, and if not possible, penalty fees will apply.

34. Camp America withdrawing a placement prior to departure.

In order to protect the children in the facilities to which we send staff, Camp America reserves the right to cancel placement without explanation right up to the moment of departure. In these very rare circumstances, at Camp America's discretion, a refund of Camp America charges may be made, but loss of earnings will not be considered.

35. Application Deferrals ('Rollovers'/'Fast-track')

a) In some instances Camp America may, at our discretion, offer the opportunity to defer an application or placement to the following season. Rollovers/Fast-track are offered in extenuating circumstances only and are never guaranteed.

b) Any rollover/fast-track offered will be valid for the following summer unless otherwise specified. There will be a limited time in which a rollover offer can be accepted. Acceptance of a rollover will be made via the applicants' 'mycampamerica.com' online account.

36. Refunds and Complaints

a) We take complaints very seriously and request complaints to be put in writing. We will always endeavour to provide you with a detailed response in a timely manner. Applicants should be aware that all refund claims should be submitted by November 30th in the year you applied for or participated on Camp America programme. No further claims will be accepted after this time. Complaints should be emailed to enquiries@campamerica.co.uk with the subject heading of 'Complaint'.

b) It should be noted that Third party fees are non-refundable. The Camp America 1st instalment is also non-refundable. Other Camp America optional fees maybe refundable in certain circumstance but at our sole discretion.

37. Participation on a Cultural Exchange Visitor Programme

a) Understand and acknowledge that you are not an employee or agent of Camp America or any affiliate thereof and agree not to make any representations to any third party or employee of the participating camp to that effect. You understand that you are a cultural exchange visitor.
