## About this survey

This survey has been developed by #2 world leader in research and influence on bullying work in the last 10 years. The scale uses behavioural descriptions only; at NO point is the term bullied or bullying used and the survey has been set as anonymous (We have automatically toggled this survey as anonymous so to facilitate honest replies. You will still be able to see results by Year/Classes/Key demographics). This survey allows for the classification of an individual in 1 of 4 roles (bully; victim; bully/victim; neutral) for each of direct bullying (physical), relational bullying, cyber bullying
