The Society
The New York State Thoracic Society (NYSTS) is a State Chapter of the American Thoracic Society. Formerly called the New York State Trudeau Society, NYSTS is named after Edward Livingston Trudeau (1845-1915), for whom a lectureship at this annual meeting is named. The first American investigator to culture the *tubercle bacillus*, the causative agent for tuberculosis, he founded Adirondack Cottage Sanitarium at Saranac Lake, NY in 1884 based on his open air cure of tuberculosis.

2011 New York State Thoracic Society Officers
President: Ravindra Rajmane, MD
President-Elect: Robert Lenox, MD
Immediate Past President: Richard Novitch, MD
Vice-President: Raghu Loganathan, MD
