11:30 - 12:15 PM ADJOURNMENT
Jack Kohan, MD
The New York State Thoracic Society is the State Chapter of the American Thoracic Society which celebrates its 100th Anniversary in 2005. It is the medical advisory body to the American Lung Association of New York State. It was formerly the NYS Trudeau Society, named after Edward Livingston Trudeau (1845-1915), who is depicted on our cover and for whom a lecturship at this annual meeting is named. The first American investigator to culture the tubercle bacillus, the causative agent in tuberculosis, he founded the Adirondack Cottage Sanitarium at Saranac Lake, New York, in 1884 based on his own open air cure of tuberculosis.

The world famous Trudeau Research Institute at Saranac Lake retains his name.

Continuing Medical Education Accreditation and Designation Statements for Jointly Sponsored Activities

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the American Thoracic Society, the American Lung Association of New York State, Inc., and the New York State Thoracic Society. The American Thoracic Society is accredited by the ACCME to provide continuing medical education for physicians. The American Thoracic Society designates this educational activity for a maximum of 10.25 Category 1 credits toward the AMA Physician’s Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

Learning Objectives

- To increase knowledge on these medical issues for attendees of this Assembly.
- To encourage the transferal of that knowledge to their pulmonary/critical care practices.
- To promote enhanced pulmonary care through the hands-on use of those skills in their practices.
- To increase knowledge on these medical issues for attendees of this Assembly.

Target Audience

The Assembly is targeted at the pulmonary, critical care community, including respiratory therapy, nursing, and those in training.

Sources of Financial Support

The Assembly is underwritten by the American Lung Associations of New York State, Inc. and of the City of New York, pharmaceutical and related companies, and registration fees. Faculty disclosure information will be provided to participants at registration.
