Sunday, January 11th

ALL DAY

Chat 1:1 with Toolio's Retail Experts

Get your questions answered, explore Toolio's features, and discuss what's next for your planning team.

10:00AM - 10:30AM

Collaborate Without Compromise: Unifying Planning Layers

Connect merchandise, assortment, and allocation planning into one continuous process, so teams can stay aligned, share context, and plan together in real time.

10:45AM - 11:15AM

Use Elasticity Insights to Inform Smarter Pricing Moves

See how Toolio's elasticity dashboard pinpoints the right price moves to grow sales or protect margin, and how to read the data behind smarter pricing decisions.

2:00PM - 2:30PM

Meet Tooli - Your AI Planning Assistant for Faster, Data-Driven Decisions

Learn how to leverage the Tooli chatbot, to instantly pull insights, surface underperformers, and answer key business questions.

2:45PM - 3:15PM

Wholesale Assortment Planning: From Strategy to Execution

Build wholesale assortments from the ground up, using dynamic grouping, key vs. grouped assortments, and bookings, to align demand, production, and inventory.

Monday, January 12th

ALL DAY

Chat 1:1 with Toolio's Retail Experts

Get your questions answered, explore Toolio's features, and discuss what's next for your planning team.

10:00AM - 10:30AM

Meet Tooli - Your AI Planning Assistant for Faster, Data-Driven Decisions

Learn how to leverage the Tooli chatbot, to instantly pull insights, surface underperformers, and answer key business questions.

2:00PM - 2:30PM

Optimize Stock Placement Across Complex Size and Pack Mixes

We'll demo Toolio's optimization engine that helps balance store demand with pack and size limits, so you meet presentation goals and maximize sell-through.

2:45PM - 3:15PM

Plan Efficiently Across Multiple Suppliers or Customers

Learn how dynamic grouping lets planners organize and adjust plans by supplier, customer, or category, making complex planning faster and easier to manage.
