June 13-August 9, 2026

We are thrilled to announce auditions for our annual summer production at Children's Museum Houston! This 15-20 minute interactive performance for children and their families performs 2-4 times per day, seven days a week.

We are looking to hire 10-12 performers and 4-6 light and sound technicians. Rehearsals run from May 23-June 12, Tuesday-Saturday, approx. 20 hours/week. During the run of the show, Performers and Technicians will typically work 3-4 days, around 15-20 hours/week.

Performers must be able to sing and move well. Improvisation experience is a plus. Performers should feel comfortable doing "meet and greets" in character and be able to engage with Museum visitors.

Technicians must be familiar with running light and/or sound boards; experience with lighting or sound design is a plus. We will provide training on our specific equipment.

Seasonal Production staff must be students aged 16-21 years old.

Audition Times for Performers

Thursday May 7 from 6-8pm

Saturday May 9 from 10am-12pm
