## What is a Cash ISA

A Cash ISA (Individual Savings Account) is a tax-efficient savings account which allows you to save and earn interest. The current annual allowance is £20,000. The value of the tax benefit is dependent on your individual circumstances and is subject to change by HM Revenue & Customs (HMRC). When you pay money into a Cash ISA this is known as making a "subscription". You are only able to make subscriptions up to the annual allowance each tax year. Please be aware that this allowance is for all ISAs you hold, therefore if you hold a variety of ISAs, this allowance is the total amount you can save between all of them and you are responsible for managing this.

## Changing your mind

In order to protect your interests, we offer you a 14 calendar day cooling off period from the date you open your Chip Cash ISA in which you can change your mind. If you cancel within the 14 calendar days, any money you have paid in will not count towards your annual allowance for that tax year and you will still get the tax-free benefit on any interest earned. Should you change your mind about this Cash ISA please get in touch with a member of our Customer Success team, either in the in-app live chat, or via email at [hello@getchip.uk](mailto:hello@getchip.uk).

You can also contact us to close your Cash ISA at any time after the first 14 calendar days however any funds added during that tax year will still count towards your annual allowance. If you have closed your Cash ISA account, currently you will be unable to open another with Chip in the future.

## When can we close your account

We can close your account by letting you know at least two months in advance. Where the option of transferring to another provider is available to you, this will be offered. In some circumstances, we might have to close your account immediately. For example, if your residency changes (i.e. permanent domicile is changed to non-UK), we will cease to accept subscriptions into your Cash ISA as soon as we become aware.

We may also close your account immediately for legal or regulatory reasons, if we suspect your Chip account has been used fraudulently or illegally, or if you do not follow the terms and conditions of your Chip Cash ISA.

Once Chip has closed your ISA account, currently you will be unable to open another one with Chip in the future.

## What to do if you're not satisfied and need to make a complaint.

# Important Cash ISA information

1. This document must be read in conjunction with our Terms and Conditions and Privacy Notice before opening this account. Copies are available online at <https://www.getchip.uk/legal/terms-of-use> and <https://www.getchip.uk/legal/privacy> respectively.
2. An individual is eligible for this account if;
  - they are aged 18 or over;
  - they are resident in the United Kingdom; and
  - they have not exceeded the overall subscription limit.
3. You must notify Chip if you cease to be resident in the UK. Upon notification you will not be able to make any further subscriptions.
4. ClearBank is the ISA manager for the Chip Cash ISA.
5. Eligible funds within your Chip Cash ISA are protected under the Financial Services Compensation Scheme (FSCS) up to £120,000. The FSCS can provide compensation if an eligible deposit is unavailable because ClearBank is unable to meet its financial obligations. Compensation is limited to a maximum of £120,000 per person, per bank. You can find out more in our [FSCS information sheet](#).
6. Your Chip Cash ISA is flexible so you can replace any money you withdraw from your ISA without it counting towards your yearly ISA allowance, as long as you replace the money in the same tax year. There are no charges for withdrawals.
7. Any ISA subscriptions will be, and remain in, the beneficial ownership of you, the investor. These funds cannot be used as security for a loan.
8. Deposits can be made into the Chip Cash ISA via the methods described within the Chip Terms & Conditions.
9. Subscriptions into your Chip Cash ISA will only count from the date that the payment settles in your Chip Cash ISA account held with ClearBank and not the date it was authorised within the Chip app.
10. You will earn interest on your balance daily. Interest is calculated each day at midnight and is calculated on the cleared balance amount. It will be paid monthly into your Chip Cash ISA. This account pays a variable interest rate that tracks at a fixed margin above the Bank of England base rate. So, if the Bank of England base rate changes, your interest rate changes as well. You won't pay tax on the interest you earn, as long as your ISA is managed in line with the Government's rules.
11. The tax treatment of ISAs and the applicable Government rules are subject to change. The benefits of your Chip Cash ISA for tax purposes will depend on your personal financial circumstances.
12. We will notify you if your ISA has, or will, become void due to any failure to satisfy the provisions of the ISA regulations.
13. Your Chip Cash ISA can be transferred to another Cash ISA or a Stocks and Shares ISA in your name. To make a transfer, you should contact the ISA provider you propose to use and complete a transfer request (your new provider will then request the transfer from us).
14. You can transfer in a Cash ISA that you hold with another provider to your Chip Cash ISA. To make a transfer, you should request this in your Chip app. A list of providers that we currently offer transfers in from can be found in your app. You can only transfer one Cash ISA at a time into Chip, however there is no limit to the total number of Cash ISAs you can transfer in. You cannot close your Chip account during the transfer process. When transferring a Cash ISA into Chip, it must be the whole ISA as we do not allow partial transfers. If a transfer request amount will take you over your annual allowance threshold, Chip reserves the right to cancel that transfer request.

## Important Cash ISA information continued

15. Under current ISA regulations it can take up to 15 business days to complete an ISA transfer between two Cash ISAs, or 30 calendar days for other types of transfer.
16. In the event of your death, no further subscriptions will be allowed in your Chip Cash ISA. After that date your ISA will be closed. Your surviving spouse or civil partner may receive an Additional Permitted Subscription to their own ISA allowance and they typically have 3 years to claim this by contacting Chip. This isn't the same as inheriting the actual money in the ISA which will go to whoever is nominated in their Will.
17. Please note that an Additional Permitted Subscription can only be requested where you were co-habiting with your spouse or civil partner and were not formally separated.

What is the interest rate?	<p>Interest is payable on this account. The Chip Cash ISA interest is based on the Bank of England base rate. The interest rate is variable and from 17:00 on 05 November 2025 tracks at a margin of 1.00% (gross) below the Bank of England base rate. This is your "Standard Cash ISA Rate". To monitor the Bank of England base rate visit <a href="http://www.bankofengland.co.uk">www.bankofengland.co.uk</a>.</p> <p>The current rate of interest on this account is 2.78% AER tax free.</p> <p>AER Interest is calculated daily on the full closing balance in the account. AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year.</p> <p>Interest will be calculated daily at midnight and paid monthly on the fourth business day of each month for interest earned in the previous month.</p> <p>Information on interest paid out can be found both on your monthly statement and in your Chip App.</p> <p>Where at any time the Bank of England base rate is at a level that is equal to or below the interest rate margin then the interest rate you receive will be 0.00%.</p>
Can Chip change the interest rate?	<p>The interest rate on your Chip Cash ISA is variable and can go up or down without notice depending on changes to the Bank of England base rate.</p> <p>If the Bank of England base rate changes, the new interest rate on your account will apply without the 14 days' notice.</p> <p>We may vary your Standard Cash ISA Rate in accordance with our rights to make changes as set out in Chip's Terms and Conditions. If we change the Standard Cash ISA Rate, and the change is to your disadvantage, you will be given 14 days' notice before the change comes into effect.</p> <p>If we tell you about a change in the Standard Cash ISA Rate and you are not happy, you can ask us to close your Cash ISA before the change happens. If we do not hear from you, we will assume that you are happy with the change we have made.</p> <p>If we change the Standard Cash ISA Rate to your advantage, the change will be applied immediately and we will let you know.</p>
What would the estimated balance be after 12 months based on a £1,000 deposit?	<p>At the current interest rate: £1,000.00 would earn £27.80 interest after 12 months, for a final balance of £1,027.80.</p> <p>This is just an example and not based on your individual circumstances. It assumes that you do not add or take out any money during the year, and that there was no change to the interest rate during the 12 months. It also assumes that the Bank of England base rate as of 18 December 2025 remains unchanged at 3.75% during the 12-month period.</p>
