D. COMMITTEE REPORTS:

1) **Youth Sports-Cade Temple**

- Hockey Camp this week! Great 54 kids!! 5:30-8:30pm
- Hockey league will start on January 10th-57 Kids will have teams!

2) **Beaubien Field:** *Gary Adams*

That's 5 sprinkler heads in the outfield and maybe the sprinkler head that is 8-10 feet in front of the pitcher's rubber that need to be raised on Warne Field.

Gary-Cade the Adams Field is in the best shape ever!!! Thanks!!

3) **Astronomy Club-Claude Plymate**

November 30 is our dark of the Moon star party. The weather is not looking encouraging for this one.

The Public Viewing Night at Cub Lake will be Saturday evening, December 07. This time of year, however, the caveat "weather permitting" is always assumed.

The club will not have its general meeting in December. In its place will be a "Solstice Holiday Celebration" on December 8th. The solstice party will be a potluck at Claude & Teresa Plymate's house.

Since we aren't having the general meeting, President Claude has agreed to present a special online lecture for our members. The lecture will be on what would normally be our usual meeting date & time of Dec 04 at 6:30 pm. The lecture title is "On the Speed of Light, Aether, and the Michelson Interferometer & Special Relativity."

4) **RC Modelers-Mitch McDiffett** we have 20-30 great members (weekly fly day attendance 10-15) dues \$25plus \$85 AMA

1) Met with Ashley, Casey, and Fred to figure out ways to improve the runway (asphalt, redo existing material, etc.) especially at the end 1/3 of runway due to Gr. Squirrel & gopher holes
Casey is doing research and is going to propose a plan (might just be some quick fixes to current runway)
