From Groundbreaking to Grand Opening: The Wildlife Crossing Story

Guest Speaker: Lauren Gill

Deputy Director, California
National Wildlife Federation

Lauren has worked hands-on with the crossing since its 2022 groundbreaking. She'll share the story of how the crossing came to be, what it means for our region's wildlife, and how our community can stay involved as it nears completion.

Wednesday, September 9th
6:00 PM Oak Tree Country Club

Join your neighbors for an evening with Lauren Gill, a leading advocate for the Wallis Annenberg Wildlife Crossing — the vegetated overpass spanning ten lanes of the 101 Freeway at Liberty Canyon in Agoura Hills. When complete, it will be the largest wildlife crossing in the world and the first of its kind in California, reconnecting fragmented habitat and helping protect local mountain lions and other native species from extinction.

Come learn what this landmark project means for your neighborhood.

COMMUNITY PRIDE – WE NEED YOUR HELP!

Our roadside and trail pickup in Bear Valley was May 16th.

Our gate to the 202 pickup was on April 24th.

These roads are already littered with trash.

Our next pickups are not until fall, so we must look at this for at least a couple more months, not to mention it is very disappointing to the people taking time out of their lives to pick up trash to see it littered again in such a short time.

WHAT CAN YOU DO TO HELP

Cover your trash cans on the way to the dump.

Do not throw items in the back of pickups, they do not stay there, they blow out.

Take the time to walk outside and pick up in front of your home and maybe a couple of your neighbors.

Walk around your mailbox area or kids bus stop and pick up any trash you see.

Take a bag with you when you go for a walk and pick up some trash.

Join us on the twice-yearly pickups, we normally get around 12 – 20 people out of this large community, we can not pick up this entire community with 12 20 people. If the days don't work out for you, we are happy to assign you an area that you can do at your convenience.

"FLY ME TO THE MOON"

The 5th and *FINAL* MasterClass of 2026

October 17th, at 4:00 p.m. Equestrian Center,
following a stargazing event at dusk by Cub Lake

SPACE EXPLORATION

Join us for an evening of art, science, and community under the night sky, hosted by BVS' Cultural Arts Association and Astronomy Club.

Our "Fly me to the Moon" event features a Master Class presentation. We'll showcase Chris Hadfield's MasterClass series and a segment about his new release, 'CRISIS DAY'. In this segment, Hadfield delves into space exploration and the critical threat he faced during his time in outer space. He shares the decisions he made to save the lives of his crew aboard the International Space Station.

Our local resident scientists, Mark Pestana and Nick Szegedi will also provide additional content.

You'll gain insights into the history of space exploration, spanning from the first human missions into space to NASA's Artemis program and the upcoming era of lunar exploration.

Following the MasterClass presentation, BVS Astronomy Club will host a stargazing party. You'll have the opportunity to observe the Moon and planets through professional telescopes.

GENERAL admission \$25

During the summer, this information can fluctuate rapidly based on water temperature and usage.

Shooting Range

All members and guests who plan to use the Range will need to register on the Whiting Center's online portal, RecDesk - bvsarecdesk.com if they have not previously done so in 2025. The Whiting Center staff will verify membership status and guest sponsorship. Once approved, the member and/or guest will complete liability forms, a safety test, and initial agreement to the updated Standard Operating Procedures that have been approved for use of the range through RecDesk. The Range will be staffed based on a minimum of 5 and maximum of 10 members/guests at a time. The Range is only open and staffed with a minimum of 5 shooters reserved. The Range will be open based on information from the Fire Department. It will close or be unavailable on "red flag days" or when high winds and dry conditions are expected.
