The background of the poster is a warm, golden-hour landscape of rolling hills and vineyards. In the foreground, on the left, is a still life with a bottle of red wine, a glass of wine, a pumpkin, and a cheese board. On the right, there are bowls of roasted vegetables and a plate of meat. The entire scene is framed by autumn leaves and a decorative border.

BVS Astronomy Club

The Astronomy Club holds monthly telescope viewing nights for the BVS community. Weather permitting, we set up telescopes in the Cub Lake Basketball Court on the Saturday nearest the first quarter Moon. Everyone is invited to stop by for a look at the Moon and other interesting objects that happen to be easily visible through our telescopes. Telescopes should be ready around sunset.

The club meetings are the first Wednesday of the month in the Oak Tree Banquet Room starting at 6:30 pm. We often feature lectures by astronomers invited from around the country to speak. Non-members are welcome to attend.

Winter hoop netting is underway

Bear Valley Springs Association's Lake Quality Advisory Committee, working with Mountain View Consulting Group, has begun winter hoop netting at Four Island Lake. Nets are anticipated to remain through April 2027 to remove invasive bullhead catfish. Please stay clear of all marked nets and ropes.

HOW THE SETUP IS ARRANGED

Overall length: 73 feet. Diagram not to scale; layout may be reversed.

Large yellow buoys mark the end anchors. Green buoys mark the tail ends of the hoop nets where they connect to anchor ropes. Small yellow buoys mark the fronts of the hoop nets, with the lead net between them.

Boy Scout Troop 164 Quartz Hill learning about the hoop nets and lead net before winter deployment.

PLEASE KEEP CLEAR

Do not boat, paddle, fish, swim, or cast between the buoys or over the nets. Lines and netting may be below the surface. Do not move or handle the buoys, ropes, or nets. Steer around the entire marked area.

Thank you for helping protect Four Island Lake.
