

Shaping Smiles, Sharing Pints

Why do patients say yes in the chair — and disappear after they leave?

It happens in every practice: a great consultation, a nodding patient, a plan that sounds right — then silence. Two moments decide whether that patient starts treatment: the day of the consult, and every day after it. Most practices are losing ground on both.

That's what this evening is about.

Strategix is coming to Dublin for two evenings to share the real-world strategies that high-performing dental and orthodontic practices use to drive same-day starts and convert pending patients — consistently, without ever feeling pushy. Expect a practical talk and open Q&A, built around the challenges your practice faces right now.

Who this evening is for

Dentists, orthodontists, and practice owners who want more of every day's consultations to turn into starts — and want their team aligned on how to make that happen.

You'll leave with strategies to

- ✓ Frame same-day starts with your team
- ✓ Understand why motivated patients go quiet
- ✓ Build follow-up that feels genuine, not scripted
- ✓ Increase case acceptance, starting immediately

Monday, 28 September 2026
Wednesday, 30 September 2026

7:30 – 9:30 pm

The Dropping Well — Classon's Bridge,
Rathmines, Dublin 6, D06 YK38
