## Forestwise Buah Merah Oil for Cosmetics

Buah Merah (or *Pandanus conoideus*) is a fruit native to Papua, Indonesia. Buah Merah Oil contains one of the highest antioxidant levels in the plant world.

Buah Merah Oil can also promote hair growth and is therefore used most often for hair oils and shampoo. Traditionally it is used for skin and eye medication. Due to the deep red colour, it is also used as a natural colouring agent.

## Product

We offer **COSMOS Buah Merah Oil** :

## COSMOS Buah Merah Oil

Buah Merah fruits are harvested from a specific location with high minerals in Papua that are naturally maintained to produce COSMOS Buah Merah. Buah Merah oil is extracted through a patented modern technology process while maintaining its virgin purity using a strict quality control.
