

SilShield™ 3100 Architectural Coating

Future-ready strength. A world of lasting color.

Preserve building aesthetics while providing lasting protection against environmental forces.

- Forms a seamless, breathable membrane when cured.
- Low VOC formulation meets stringent air quality requirements.
- Defends against UV damage, natural weathering, humidity, and extreme temperatures.

Enhance and maintain the beauty of your building, now and into the future, with SilShield 3100 coating.

SilShield 3100 coating is a high performance, 100% silicone architectural coating that's available in a range of colors. Providing reliable weatherproofing on new builds and remedial projects, it offers high color retention and extreme resistance to degradation - in an enduring solution that keeps buildings looking beautiful for decades.

Preserve the look, protect the building.

Building Longevity.

- Withstands extreme temperatures and UV rays
- Repels wind-driven rain
- Seals hairline cracks in mortar joints and wall materials
- Stays air and watertight long-term
- Offers high water vapor permeability
- Remains flexible after cure and will not crack, peel, chip, or harden
- Guards against moisture leaks through porous substrates
- Backed by a 10-year warranty

Lasting Color.

- High resistance to chalking due to natural weathering and UV exposure, even dark colors.
- Standard colors can be selected from a pre-matched Color Selection Guide fan deck.
- A limited amount of custom color matching can be performed.

Simple Planning & Application.

- Can be applied without a primer and with minimal surface prep
- Offers application flexibility: roller, power roller, spray, and brush
- Can be rain ready in 30 minutes to help keep projects moving
- Installs in temperatures ranging from 20°F to 120°F (-7°C to 49°C)
- Works with other 100% silicone products to form a continuous waterproof barrier
- Meets low VOC requirements¹

(1) Based on VOC content of less than 50 g/l., as provided for in the 06/2018 US EPA (40 CFR 59) and the 02/2016 South Coast AQMD (Rule 1113) VOC emission standards for architectural coating.
