

# ARRA Compliance

The following GE branded construction, weather sealing and structural glazing products manufactured by affiliates of Momentive Performance Materials Inc. are either wholly the growth, product or manufacture of, or "substantially transformed" in the Netherlands and therefore may be compliant with the "Buy American" provisions of the American Recovery and Reinvestment Act of 2009 (the "ARRA"). Any compliance determination will depend on (1) the cost of the project for which the product is used, (2) whether the entity that is involved in the project and receiving ARRA funds can avail itself of the provisions of the WTO's Agreement on Government Procurement or the United States-European Communities Exchange of Letters and (3) the type of project and products involved, among other factors. Purchasers should consult with independent legal counsel to determine whether their use of the following products complies with the "Buy American" provisions of ARRA.

## Silicone Sealants
