

# COLON CANCER MEAT RAFFLE BENEFIT FOR *NICHELLE GRAY*

ALL MONEY RAISED WILL HELP COVER MEDICAL EXPENSES!

Nichelle was diagnosed with Stage 4 Colon Cancer after an ER visit. Since that day, she has put her TRUST IN HIM. She has battled blood infections and multiple surgeries while maintaining her faith, smile and positivity throughout this journey which hindered her ability to work. Her medical costs recently have risen significantly. Help us show Nichelle and her 3 amazing children love and support!
