MACCHIALINA WINE PROGRAM

Our wine program at Macchialina focuses on a selection of predominately Italian wines (with the exception of Champagne) sourced from estate grown grapes & boutique growers. We strive to highlight the lesser known indigenous fringe varietals of Italy to tell the story of the farmers and families cultivating these wines for generations.

The wine list has a strong focus on low intervention practices including sustainable, biodynamic, organic and natural wines.

In the interest of providing you with the most unique dining experience possible, we offer half-bottle carafes of almost all of our bottles. Furthermore, in addition to our selection of wines by the glass, we offer a rotating selection of by the glass specials each night. Ask your server what they are most excited about!

TAKE HOME WINE

All our wines are available to-go for 50% off the full bottle price. If you like what you drink, please let your server know which bottles you'd like to take home.

WINES BY THE GLASS

But wait... there's more!
Ask your server about our daily
by the glass specials.
