Planters Horticulture

Corporate Profile

About Us

The leading landscape company in the **Middle East**

Established in 1979 in Dubai, United Arab Emirates, Planters has grown to become the largest full-service landscape company in the Gulf region, boasting an expanding portfolio of services. With our unwavering commitment to excellence, we specialize in delivering exceptional exterior and interior landscaping solutions, encompassing innovative design, an extensive product range, and meticulous ongoing maintenance.

As the sole full-service landscape company in the region, we possess a unique advantage in assisting designers, contractors, corporate clients, and discerning individuals in creating invigorating environments that seamlessly blend nature with the fast-paced urban setting. Our expertise extends to live and artificial plant installations, offering a harmonious fusion of greenery for both indoor and outdoor landscapes.

With a wealth of knowledge and experience spanning four decades, Planters has earned the trust of over 2000 esteemed clients, both locally and globally. Our unwavering dedication to carefully maintaining their environments ensures their continued vibrancy, fostering workspaces, retail experiences, and homes that people truly cherish.

Driven by a vision to enhance the innate connection between humans and nature, Planters is committed to implementing innovative and sustainable landscape designs and maintenance practices, ultimately fostering a happier and healthier community.

Mission & Vision

Planters Mission

To provide the highest quality and most creative landscaping solutions for both interior and exterior environments and to support, sustain and develop these by offering the best professional plant maintenance service, striving to become one of the UAE's great companies.

Planters Vision

To fulfill the deep need for humans to reconnect with nature in the urban environment, whilst making a significant contribution towards 'greening' of cities, enriching natural sustainability and human happiness.

Our Why

It is a very simple ethos of corporate self-improvement to constantly find ways through innovation, service analysis, review and constructive criticism to enhance and improve the products and services that we offer to our clients and workplace we provide our team.

And this goes hand in hand with the empowerment of our team through clearly defined career paths supported with training and development along with continuing to provide a work environment where challenges are learning opportunities and trust, transparency is constant.

“

Everything we do, we seek to **improve** on what was done before and to **empower** every person in our team to achieve that goal.

”

Core Values

Integrity

Integrity sets the standard in all that we do. We are honest, ethical and fair at all times.

Quality

We are focused on our commitment to excellence and deliver our clients exceptional quality in everything we do.

Exceeding Expectations

Client expectations are met always, and exceeded at every given opportunity. Being second best is never good enough.

Creativity

We are always innovative and creative in the products we supply and solutions offered and use this mindset to solve problems.

Teamwork

We are one team. We believe in great work relationships and a productive work environment through respect for all members of our team.

Design

Our expert landscape consultants and designers create, implement, and bring to life sustainable environments that blend creativity and practicality. From concept to completion, we transform bespoke designs into lasting landscapes, integrating natural elements to ensure a seamless, beautiful result.

From impactful designs...

...to living landscapes

Interior & Exterior Landscaping

Planters design and installation teams are leaders in creating bespoke and turnkey solutions for all interior and exterior landscape requirements.

Artificial

With a commitment to quality, we offer an extensive array of standard, UV-protected, and fire-rated artificial greenery products, catering to the diverse needs of our clientele across the GCC region.

Containers

Our market-leading manufacturing, painting, and finishing services ensure that our partners can source plant containers that seamlessly blend into the wider design intent of their spaces. We provide products that are unique and tailored to individual preferences, without compromising on quality or affordability.

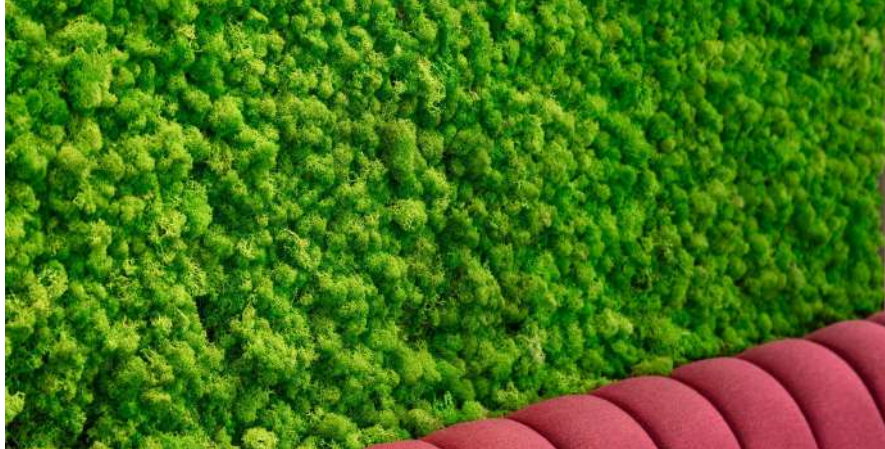

Planters Living Systems

Watch us bring the Anantara
Green Wall to life 🌱

As a premier landscape company in the region, we specialise in the development and installation of green wall systems for both indoor and outdoor settings, boasting a proven track record of over 65,000 square metres of successfully installed green walls.

Our sustainably sourced moss, harvested with meticulous care from Europe, ensures no adverse environmental impact on natural resources. We offer Lichen Moss available in two stunning colour options: Apple Green and Dark Green.

Moss

Preserved Palms

We have been supplying preserved palms for over 20 years to meet the highest international standards in design and safety.

Testimonials

“

I would like to express our sincerest thanks and gratitude to you and the Planters team for your support during the opening of The View project at the Palm. You certainly went above and beyond to fulfil all our normal orders as well as several last-minute ones! Thank you Kunal, Adam, Ben, Ali, Ijaz and Irfan for the excellent support and dedication! You certainly impressed us!

Maryke Tredoux
Head of Soft Services | Nakheel Mall

Working alongside Team Planters, as always, proved to be a smooth and uncomplicated experience, all thanks to the team's accommodating approach. The quality of the product left an exceptionally positive impression, and the delivery perfectly aligned with our predetermined schedule. We deeply value your invaluable contributions and eagerly anticipate the opportunity to embark on many more successful projects together in the future!

Steve Ramsden
Managing Director | ISG Middle East

I would like to extend our appreciation for the amazing work done by Zaresh on the indoor plants. The endless hours that have been spent working on this work, and the professionalism that he has shown has impressed us immensely. His diligence, self-motivation as well as dedication have been a source of inspiration for the rest of the team.

Arasu Moorthi
Housekeeping Manager | Courtyard by Marriott & Marriott Executive Apartments

On behalf of Omniyat, I would like to thank the team at Planters Horticulture LLC for the creative design and implementation of a landscape plan that now graces a visible area of our pool deck.

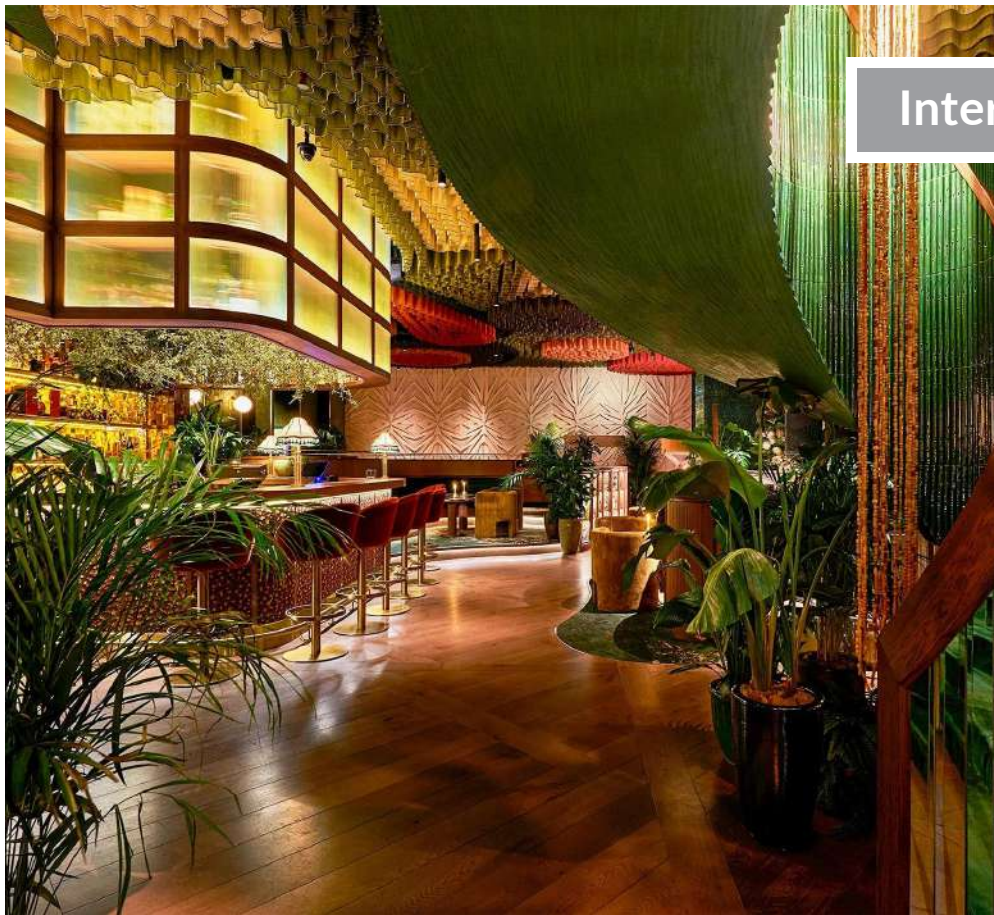

I had the pleasure of meeting and working with Kunal Dhakan, Sales Consultant, to re-create a landscape that would blend in with the natural beauty of our new building.

Kunal was easy to work with, delivered before the timeline and created a proposal that met our expectations. He was flexible to comments and/or proposed changes in material and offered explanations for the choices made.

Interior Maintenance

Our diligent teams specialise in interior plant maintenance across a diverse range of environments, including corporate spaces, hospitality venues, retail establishments, healthcare facilities, and residential areas. Serving over a 1000 clients, we ensure that your indoor landscapes are in the capable hands of professionals who understand the unique requirements of each setting.

As part of our comprehensive services, our skilled teams conduct thorough site checks. Following each inspection, we provide a detailed condition report, offering insights into the health and vitality of your indoor plants. This valuable information serves as the foundation for a customised maintenance schedule, designed to meet the specific needs of your space.

At Planters Horticulture, our expertise in interior plant maintenance extends beyond routine care. Our commitment to quality is evident in our practice of replacing plants with high-quality indoor plants from Holland, ensuring the longevity and vibrancy of your indoor landscapes.

“

It has been an honour working alongside you, Sharif. Your loyalty, dedication and commitment towards your work is parallel to none when it comes to attention to detail, tending to the plants and listening to what the customers want.

You have always seen the best interest of your company and represented your company so well while taking care of clientele.

We appreciate your hard work and assistance to us. We miss you and would really appreciate if you could motivate your replacement to work with the same dedication and sincerity.

Keep in touch and visit us when you can.

**HR Officer
Emirates**

I am writing to express my sincere appreciation for the excellent service we keep receiving from Akshay Kumar who looks after our plants in our Birkenstock office.

Akshay is very professional and friendly, he has a great attention to detail, and the dedication he is displaying is truly exceptional.

I want to ensure it does not go unnoticed that he provides a great service for our office.

**HR Manager
Birkenstock**

Testimonials

I am writing to express my deep appreciation for the exceptional work of your planter team in our office space at DAFZA, Dubai. The plants are always well-maintained and create a pleasant and productive environment for all of us.

I am truly impressed by the dedication and hard work of your staff in ensuring that the plants are healthy and thriving. Their efforts contribute significantly to the overall well-being and aesthetics of our workplace.

I believe that recognizing and appreciating the efforts of your colleague – Mr. Mondisi is essential, and I would like to extend my gratitude for his outstanding work.

A BIG thank you to the entire planters team!

Exterior Maintenance

Our journey over 40 years has seen us evolve into a trusted partner for maintaining the vitality of outdoor spaces. At Planters, our dedicated technicians undergo continuous training and development, enriching their knowledge in environmental management and plant maintenance. With expertise spanning irrigation, grass, trees, palms, shrubs, ground covers, and seasonal flowers, we offer comprehensive solutions for all your exterior needs.

Our diligent teams specialise in exterior plant maintenance across diverse sectors, including hotels, gated communities, offices, retail spaces and more - serving over 200 clients!

As a testament to our commitment, our local nursery cultivates a diverse range of indigenous plant species, acclimated to the arid desert environment. This ensures the availability of high-quality plants for quick replacements, reinforcing our dedication to the enduring health and vibrancy of your outdoor landscapes.

Exterior Maintenance Clients

Testimonials

“

I am writing to express my sincere appreciation for the exceptional work and dedication demonstrated by your team member Niyas and Asif at NDM site, they have taken responsibility and ensured that the plants and irrigation system are always in good condition.

Please give them our appreciation and thank you once again for keeping the plants in a healthy condition.

**Assistant Soft Services Manager
Sodexo**

This is to recognize Mr. Rashid and Qaim and his team's exceptional work behalf of M/s. Planter for the upkeep of the landscape, timely submission, high-quality work, and adherence to HSE policies are truly commendable. Their dedication and efficient teamwork are much appreciated by The WB Abu Dhabi Curio.

**Chief Engineer
The WB™ Abu Dhabi Curio Collection by Hilton**

I wanted to take a moment to express my sincere appreciation for the amazing work have been doing by your team members of our landscaping team supervised by Muhammad Dalil, their dedication, attention to detail, and hard work have not gone unnoticed, and I wanted to take the time to acknowledge and thank you for their contributions.

Their commitment to maintaining the highest standards in landscaping has significantly contributed to the overall beauty. It's clear that your team take great pride and professionalism in their work, I want to express my gratitude for their hard work and efforts.
