

Experience

IntersectLA

April 2019 - present

UX Designer/Project Manager

As a UX Designer I design and prototype a variety of web-based applications and used Divi Builder for multiple wordpress sites.

As a Project Manager I execute and lead conceptualization of designs for brand strategy, publications, and marketing materials.

CSUN ARCS (Autonomy Research Center for STEAHM)

Sep 2019 - present

Research Fellow/UX Designer

Collaborate with a multidisciplinary team on branding, creative brainstorming, prototyping designs, and criticism/feedback systems producing a design for a cohesive visual and spatial presence.

Worked with other Fellows, Co-I mentors, and NASA collaborators to formulate, execute, and publish a research project on Explainable AI.

CSUN Institute for Community Health & Wellbeing

May 2017 - Aug 2019

Graphic Designer

Created various design projects, from concept development through production including event posters, email newsletter campaigns, social media, website redesign/maintenance, and blog set up.

Grandparents as Parents

May 2017 - Aug 2017

Web Designer

Consulted with the client to outline website goals, wireframing, and site functionality to design and create a user-friendly architecture using Wordpress.

Activities

MIND - Product Design Mentorship Program

Oct 2019 - Dec 2019

Student Mentee

Worked on the research, wireframing, concept development and design of a UX/UI project which was developed into a prototype.

Mentorship from Product Designers at Verizon Media.

META+LAB

Jan 2019 - May 2019

Student Participant

Participated in a 15-week UX/UI program focusing on designing and prototyping a mobile app using Adobe XD.

Student Advertising Graphics Association (SAGA)

Feb 2019 - May 2019

Student Member

Networked with professionals and fellow students, gained valuable managerial skills, participated in members-only events, and took part in a fun and exciting student body of designers.
