

TURNAROUNDS

HARD WORK WHEN IT MATTERS MOST

A SAFE, SKILLED TURNAROUND WORKFORCE

Performance Contractors completes one million man hours every single year in our execution of turnarounds and outages. With a refined process for properly utilizing our available manpower, Performance is structured to support turnarounds with safe, quality and efficient work. It enables us to offer our people consistent employment as we're able to dynamically shift resources when and where they're needed most. From construction and planning, through plant start-up and commissioning, Performance personnel are trained to execute with safety and quality at every stage.
