Behavioural therapy workshop for participants with basic training

Wednesday 7th June 2023, 13:00-14:40

Led by: Dr Tara Murphy, Dr Zsanett Tarnok and Dr Eve McAllister

Introduction

In the beginner's workshop we will cover material for psycheducation and theory to application of habit reversal training and exposure with response prevention techniques. We will give an overview of the literature to date and application of the models in the modalities in which it has been applied in the literature.
