Behavioural therapy workshop for \textit{advanced} participants

\textbf{Wednesday 7th June 2023, 15:00-17:00}

Led by: Dr Tara Murphy, Dr Zsanett Tarnok and Dr Eve McAllister

Focus area: Formulation and psychological intervention of tics in people with autism

\textbf{Introduction}

In this workshop we draw on the existing literature regarding assessment, formulation and treatment of individuals with both autism spectrum disorder and tic disorder. Using available literature and case formulation we present cases with Tourette syndrome and Functional tic disorders.
