Design  
Re-imagined**

Hygienically clean and innovative,  
**with Touchless Gesture Control**

**Warm2Cold LED**  
adjustable lighting colour (2900K - 6000K)

Incredibly efficient and powerful,  
**with silent operation**

Stunningly sleek, stain and  
**fingerprint resistant**

**touchless  
gesture  
control**

## Touchless Gesture Control

Control the hood without touching the device. A simple gesture is now enough to turn the device on or off, or to change its power and light settings. All thanks to gesture sensors which elevates the functionality of this appliance. Best of all, gesture controls mean no more worrying about staining the control panel with wet or dirty hands. Brilliant intuitiveness, now at your fingertips.

Keeping the hood clean and controlling its operation has never been easier:

**1**

Hold your hand in front of the hood for **2 seconds to turn its lighting on.**

**2**

Swipe from left to right to **increase the motor speed.**

**3**

**Swipe down to change to a lower speed.** Hold your hand under the hood for 2 seconds to turn the lighting off.

Silent & Efficient Extraction  
**Flexible installation**

#### ON-BOARD MOTOR

An internal motor that is **virtually inaudible**. The efficient, energy-saving BLDC motor uses up to 95% less energy compared to a traditional motor of similar efficiency.

**OR**

#### EXTERNAL MOTOR

By removing the motor from the rangehood and placing it on the outside through the roof or wall - **noise, smoke and odours are completely removed** from the kitchen.

ISLAND RANGEHOOD

**Minimal, yet stunning**

COLOURS

**The smooth, simple form** without visible buttons will attract the attention of every lover of minimalism and aesthetics.

**Cylindrical Warm2ColdLED lighting. LED lighting** (2900K - 6000K) in the form of a circle is the only peripheral solution used on the market. The cylindrical frame around the hood allows for precise illumination of the cooktop, which provides ideal cooking conditions.

**Touchless GestureControl system.** You can turn the hood on and off or change its operating mode without interrupting cooking, drying your hands or touching the control panel. Gesture Control technology allows you to turn the lighting on and off with one hand movement. Also comes with a convenient remote control.

**High durability and aesthetics of colour.** Each hand-painted with 3 coats of paint for greater resistance to grease, dirt and dust.

**Runs virtually silent.** The energy-efficient motor system uses up to 95% less energy compared to traditional motors of the same extraction rate. Keeps kitchen air fresher for longer.

Optional glass and cup hanger

## Nexus

### ISLAND RANGEHOOD

#### Modular marvel

**Modular system** gives you the freedom to purchase optional accessories such as glass hangers and cup hooks for easy integration with the hood.

**Extra space.** The perfectly even surface of the hood is a convenient place to store the most frequently used kitchen accessories.

**Warm2ColdLED lighting has adjustable lighting colour** - from warm to cold (2900K - 6000K). The warm colour of light, most similar to sunlight, does not strain the eyes and puts you in a good mood.

**Touchless Gesture Control** lets you operate the hood and its functions without having to physically touch the control panel. The Nova also comes with a remote control.

**Runs virtually silent.** The energy-efficient motor system uses up to 95% less energy compared to traditional motors of the same extraction rate. Keeps kitchen air fresher for longer.
