

SXQU330-9S // 90cm // SILENT

// SXQU220-9S (90cm)

Designed to fit into deeper overhead cabinetry for a more effective extraction zone, the SXQU330-9S complements contemporary designs and integrated kitchens where the rangehood must be out of sight. It features a powerful German made IsoDrive® motor that is mounted externally and ducted with free fire, crush and pest-proof Schweigen SteelFlex™ high performance safety ducting. It comes with lifetime warranty-backed dishwasher-safe mesh filters so you enjoy peace of mind. (Baffles are also available as an option.)

Robustly crafted with 304-grade stainless steel, the SXQU330-9S delights with features like touch-sensitive controls, remote control, 5 speed levels, auto shut-off and energy-efficient LED strip lighting.
