13 Official Charities

We are delighted to confirm that the official charities are the 2021 event is the Oscar Maclean Foundation; Jersey Alzheimer's Association; Brightly!

Oscar Maclean Foundation

Oscar Maclean (09.03.04-26.10.13) was a Proper Hero. He lived a short but action packed life, during which he managed to write a spy novel, acquire endless party invitations, numerous sports and various other achievement awards, a great bunch of friends, love of sport and all things fun, as well as demonstrate endless bravery and dignity beyond his years in the face of great adversity.

Oscar has shown an incredible fighting spirit against his deadly enemy- a Grade III Anaplastic Astrocytoma, a malignant brain tumour that eventually stole his young life away from him. But it will never succeed in stealing his wonderful memory away from any of those who knew him. For today and with every single day to come, we will try to change this world into a slightly better place by supporting worthy community causes aimed to help young Cancer patients in Jersey and their families, in Oscar's name.

A 2015 project that we aim to deliver is the funding of a children's Community Liaison Officer, who will be based at the Hospital. The Liaison Officer will be co-ordinating vital support for children with cancer and other chronic illness and their families - practical, financial and emotional. At present, some of these functions are fulfilled by different charities and departments, but the appointment of a single officer who will coordinate the entire support structure for a family will mean that parents will be able to focus on their child at the time when they need it most, instead of spending hours on the phone calling various charities, states departments or other service providers.

Please help us by showing your support in memory of this gorgeous little boy.

Brightly

Brightly (formerly known as Brig-y-Don Children's Charity) is a small, independent Jersey charity who offers financial support to children and young people from birth to 25 years, who are being looked after in Government of Jersey care, leaving care, or foster care, as well as others who are suffering adversity and are in need.

Our support is intended to create positive experiences and opportunities for these children and young people with the aim of helping individuals move towards independence.

Dementia Jersey

Dementia Jersey (formally known as Jersey Alzheimer's Association) was formed in 2010 to support everyone in the Island affected by Dementia. Since 2012 the charity has experienced a dramatic 235% increase in demand for their services. Jersey now has over 1600 people diagnosed with some form of dementia and there are many more that we are not aware of.

The charity seeks to raise awareness and provide support with the overall aim to make Jersey a dementia friendly island. The charity provides Dementia Friend's awareness sessions which seeks to give people a basic understanding and insight into dementia. The disease can affect all ages and therefore several companies have seen the benefit of learning a little more to better help their customers and their staff, who may have the pressures of caring for family members or be having difficulties themselves.

If you would like to learn more, please head to www.dementia.je
