1. Registration, Race Pack Collection & Bike Checks

Race packs will be available for collection on Saturday 27 June 2026, please refer to section 7 for timings. Race Packs can be collected from the Event Marquee which is in the event space at the Les Jardins car park, the nearest access point to Les Jardin De La Mer.

If for any reason you are unable to collect your race pack on this day, please notify the event organisers in writing. You will be able to collect your race pack on the morning of the event at 05:00 from the Event Marquee, but please only do this as a very last resort.

a) Parking

Public parking is available for competitors in the public car park at Les Jardins (access via the roundabout outside the Radisson Blue waterfront hotel) on Saturday 27 June 2026 and during the event on Sunday 28 June 2026. N.B Please note parking on Saturday 27 June 2026 will incur normal parking charges.

b) BTF – Full Memberships

If you already hold a BTF full membership licence it is essential you bring this with you to registration on Saturday, along with a form of ID, in order to collect your race pack. We can accept your registration card or a copy of your licence on your phone/ printed.

c) BTF – Race Pass (Day Memberships)

If you have purchased your race pass when registering for the Accuro Jersey Triathlon, you do not need to show us anything as this race pass is attached to your race registration.

d) Bike Checks

Please note - It is the competitor's own responsibility to ensure that their bike is road safe prior to the bike check at the Jersey Triathlon

If there are any doubts regarding the safety of bikes prior to the Jersey Triathlon then we strongly suggest that the bike is booked in with Big Maggy's or another bike provider to arrange a full service, rather than wait until the bike check, on the day prior to the race.

Athletes must bring bikes on Saturday 27 June 2026 as per your allocated slot in section 3, where Big Maggy's will be carrying out a quick bike safety check – please note that it will be busy, so allow plenty of time. All competitors who have their bike checked will be issued a small sticker to be displayed on their bike once completed and approved. The sticker needs to be displayed on your bike in order to enter transition area on race day.

We will be adhering to the BTF Competition rules. As a minimum – bikes should have:

- Working brakes (front and rear)
- Fully inflated tires
- Tightly adjusted headsets and locked quick release pins
- Handlebar stoppers secured in the end of the handlebars
- No rattling, loose or faulty components

Any bike that does not meet these minimum requirements and has not been checked or is deemed to be unsafe on the morning of the race will be turned away. There is no mechanic on hand to fix bikes prior to the race. We respectfully ask that all athletes check their bike in advance to avoid the awkward situation of an official deeming a bike unsafe on the morning of the race.

2. Race Pack Contents

Your race pack is kindly sponsored by Sure and will consist of:

- Bib number (Relay teams will have two bibs in their race pack, one for the cyclist and one for the runner). *(For the bike section, your bib number must be displayed on your back, for the run section your bib number must be displayed on your front)*
