PRICE GUIDE

BESPOKE TREATMENTS & BESPOKE COLOURING

We have a wide range of conditioning treatments that will help with moisture, bond building, reconstructing and smoothing of the hair. These can be added to your appointment or have as a separate service, just please mention when booking and your stylist will be able to advise what treatment is best for your hair. For the ultimate shine and refresh, why not add an EXPRESS GLOSS to your service to freshen up your colour between appointments?

CONSULTATIONS & BOOKINGS

We have several GOLDWELL COLOUR EXPERTS in salon, allowing us to offer our premium colour collections for those who are concerned about the over use of chemicals and have sensitivity issues. Please ask a member of our team for more information.

Consultations are available for all services carried out in salon. They are free of charge and are highly recommended. A skin test is mandatory for all new colour clients and must be done at least 48hours prior to your colour appointment. Prices for our colour and technical services start "FROM", an exact quote will be given to you upon consultation.

You may be required to pay a deposit for your service depending on the length of time that it may take. This deposit will be deducted from the total bill on the day of your appointment and is non refundable. Failure to give at least 48hours to cancel or move your appointment may result in a "NO SHOW FEE".

EXCLUSIVE OFFERS

Students up to 16 will receive services at a reduced rate. From 16-21, providing they are in education, will receive a discount for selected colour and cutting services. Please ask a member of our team for more information on education discounts.
