Our Residents love the garden area for chats, a little stroll or even the odd snooze.

A Fruity **Afternoon**

As part of Nursing Homes Week 2025, our residents enjoyed a creative fruity arts & crafts session with our talented artist Tracey. Apples were the star of the afternoon, inspiring both art and home baking. Afterwards, everyone was treated to a delicious fresh fruit sponge, beautifully decorated by our in-house catering team member Marlena, who showcased apples and other fruits in the icing and decoration. A sweet way to celebrate this special week!

A Taste of Home

We were delighted to welcome chef, Susan, who shared some of her wonderful home bakes with our residents. Many of these treats were recipes our residents remember making themselves, bringing back happy memories of times gone by. The afternoon was filled with food, fun, and plenty of reminiscing – and of course, everyone loved the taste testing afterwards!
