

IMAGEN IS A COMMUNITY OF HIGH PERFORMING DENTAL PRACTICES

We help our partners focus on superior patient care, grow through education and technology, and create long term wealth.

Continued Practice Ownership

Partner doctors retain ownership of their practices and become owners of the Imagen corporate structure.

Clinical Autonomy

Imagen doctors are leaders in the practice. We don't change your practice name or tell you what to do.

Business Excellence

We've brought together the most successful business minds in dental to help our partner practices thrive.

Patient-Centric Culture

Our talented doctors focus on the most important metrics of all: clinical outcomes and patient experiences.

Unparalleled Wealth Creation

Imagen powers growth in each individual practice, and partner doctors benefit as the company grows.

Rich Rosenblatt, DMD

"I joined Imagen to get rid of the administrative headaches while keeping autonomy and ownership in my practice. I now have a defined exit plan with more wealth opportunity than just owning and selling a solo practice. It's also more fulfilling to be part of a community of like-minded dentists."

Mona Patel, DDS

"I joined Imagen because after 15 years of practicing, I was ready to unload some of the management hassles so I could focus on my clinical practice. Aligning my practice with people who share my vision for patient service and utilizing digital dentistry at its highest standard was a simple decision. And now my quality of life has significantly improved."
