

# TIPS TO TREAT

## BIOFILM, CARIES AND IMPLANTS

Guided Biofilm Therapy (GBT) is the new approach in professional prophylaxis for biofilm management.

## YOU'RE INVITED!

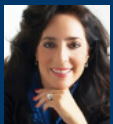

Thursday, October 28, 2021 | 6:00 p.m. – 9:00 p.m. (registration and food at 5:00 p.m.)

Patterson Education Center | 4030 Sorrento Valley Boulevard | San Diego, CA 92121

Struggling post-COVID with a not-for-profit hygiene department? Schedules booked out with procedures and not diagnosis? Looking for a team approach to comfortably, efficiently and effectively diagnose disease and engage your patient's commitment to treatment?

Then register today for this information-packed program led by Debbie Zafiropoulos as she shares 3 key tips for engaging the patients, providing optimized therapy and improving your bottom line.

**Hurry, this program will sell out!**

Debra Zafiropoulos, is the CEO of OralED Institute, LLC., a collaborative firm that leads us from current state to desired state, where learning and implementation continues. Debra also serves as the Partner in Education for the Wellness Dentistry Network and a Master Instructor with MoradoASC, mentoring and nurturing future speakers, authors, and success minded professionals. Debbie is the founder of the [NationalCancerNetwork.org](https://www.nationalcancer.org), a 501(c)(3) nonprofit supporting the oral health needs of those struggling with a cancer diagnosis.

As Clinical Sales & Education Consultant for EMS North America, Debbie has been responsible for bringing Guided Biofilm Therapy training and GBT clinician certification with the Airflow Prophylaxis Master to the United States and Canada. Since 2020 She has trained over 112 offices nationwide. In 2016 Debbie was recognized by her peers as the SUNSTAR Award of Distinction recipient for her passion, knowledge and relentless activities to better our profession. In 2017 Debbie was selected as one of the Top 25 Women in Dentistry for her advances in education, prevention and implementation on the topic of systemic diseases and HPV related oral cancer.
