

INSPIRING SUCCESS:

Expand Your Practice Vision

INVESTING IN YOUR PRACTICE PAYS OFF

Working with A-dec, Dr. Roberts invested in the future of her practice. During the first year she increased: appointments by 50%, billable procedures 49% per month, and gained 10 new patients per week.

I would recommend this course to every dentist who is about to or will build a new office.

Created for established dentists planning to relocate, build or move into a new lease space.

This one-and-a-half-day Continuing Education (CE) program offers practical steps and valuable insight to create an optimal practice design, and discuss common pitfalls in a remodeling and construction project. Each conference participant will have the opportunity for an individual consultation with Dr. Tholen. Where office next steps will be crafted.

Follow-up research has shown that doctors who updated their practice experienced an average 38% increase in performance year one and another 38% improvement year two.

Dr. Mark Tholen DDS, MBA
former CEO of T.H.E. Design, Inc.

Dr. Mark Tholen is the former CEO of T.H.E. Design, Inc., and author of "A Guide to Designing the Elegant Dental or Medical Office...The Largest Marketing Tool of Your Career." T.H.E. Design was involved with the design and construction of more than 3,000 offices, from which the principles of dental office design described in his book were derived.

LEARNING OBJECTIVES

- 1 Develop a viable, credible practice vision that is financially beneficial and promotes practitioner health.
- 2 Learn how to maximize your practices' financial opportunities, while minimizing risks associated with a new office project.
- 3 Recognize the role of every necessary member of the office project team, and the criteria with which to select them.
- 4 Learn how to navigate common pitfalls and avoid costly construction overruns with a remodeling or construction plan.

All required COVID safety precautions and social distancing will be followed for in-person events.
